WELCOME
TO
HATTIESBURG

The City

Situated in the middle of the southern part of Mississippi we find Hattiesburg—the only one in the world. Though covered by the effects of 1972 and twentieth century Americana, underneath this facade, you will find a foundation of yellow pine lumber and railroad tracks, two things that built the town (intermingled throughout with the legends of Captain Hardy and his wife Hattie, the founders of the 'burg.)

Today, home of Hercules, the Magnolia Classic Golf Tournament, Kamper Park, Camp Shelby, and in the 2600 block of Hardy Street we find one of the State's Institutions of Higher Learning. Inhabited and/or attended by roughly 9000 individuals, some who know about the early history of the locale and others who could care less.

The University

We came to this city because the school is located here. The University seemingly co-exists with its surroundings and vice-versa.

At first glance, the USM campus either looks pocket-handerchief size or you feel you're lost. After you've been here for a while, it either shrinks more, gets larger or you get used to it.

Brick and mortar, copper dome, and white columns of the early era of building are interspersed with the large and long and square and rambling buildings of a new era. Evergrowing, the campus has been kept "muddy with construction" whether it be new classrooms or new sidewalks.

Multi-purposed and utilitarian, these physical structures each have at least one specific purpose, if not more. Room or board, instruction or recreation, academic or social. It is the structure of these buildings that designate the purpose. It is the people of USM who fulfill these purposes.

The People

None of us are exactly alike. Some of us are drastically different (comparatively). This is what makes us individual, diverse humans. In four years of college life, we are put with our peers whether the grouping is freshmen or seniors, off-campus or on, or together in one or another academic pursuit. The latter is basically why one comes here.

College is not all classroom exercises and by no means is everything learned in the classroom. Neither are classroom exercises intended to stifle our individualism. We learn to interact and react to the people around us, whether they are your best friends or if you don't know them. After four years are over and your sheepskin is in hand, this sometimes seems more important.

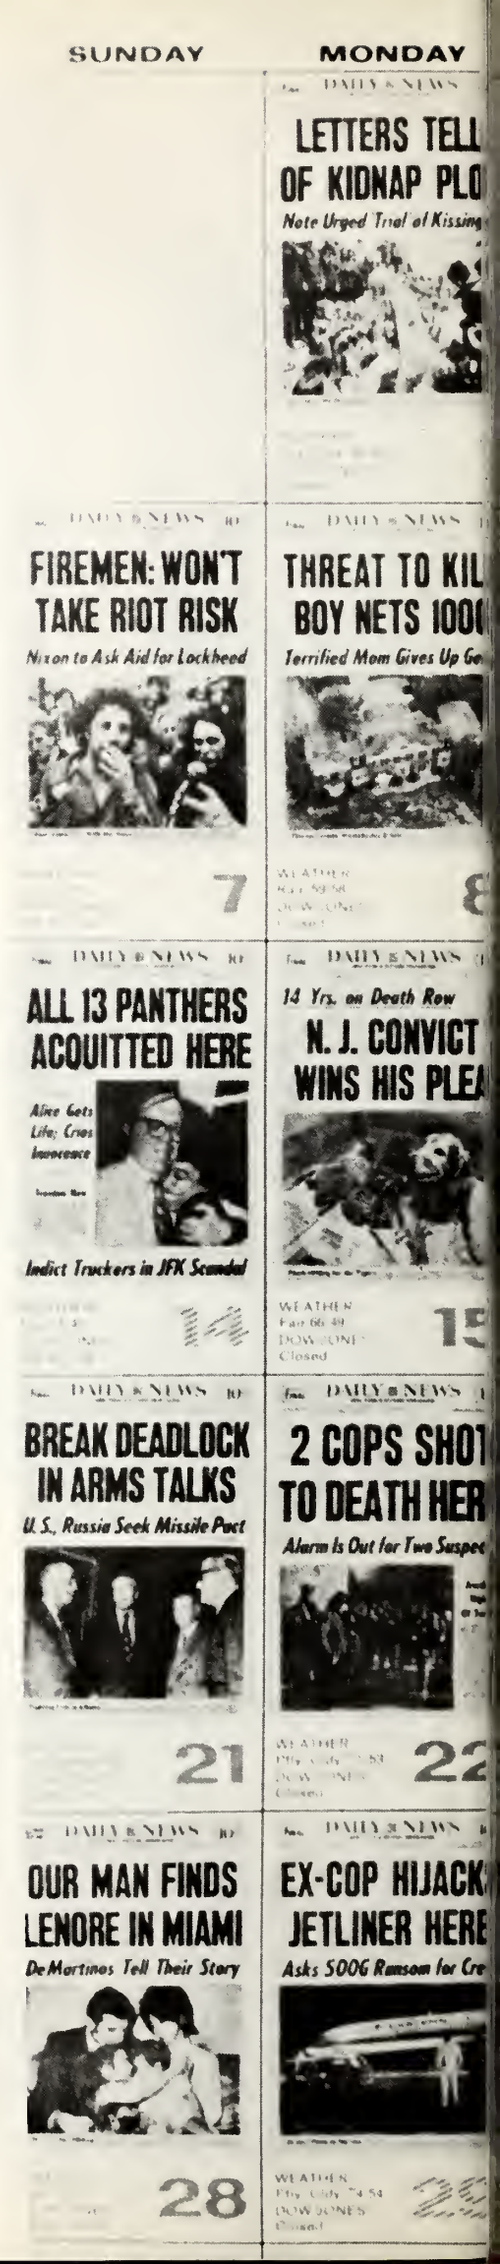

The Times

Keeping up with the news is not always the easiest thing to do on campus. *The Student Printz* limits itself, for the most part, to the campus. Not everyone has access to a television and you can buy a cup of coffee for the price of a *Clarion-Ledger.*

But somehow, through a sort of osmosis, you heard about the big things:

The lowering of the voting age to 18.

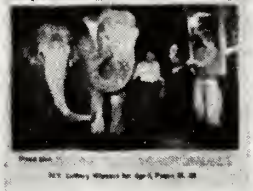

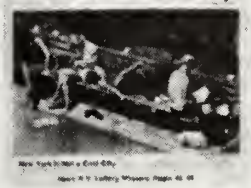

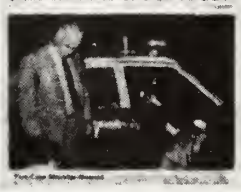

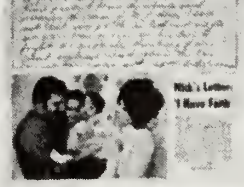

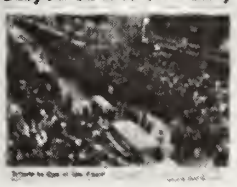

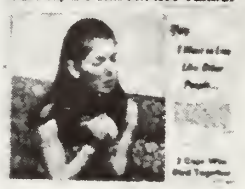

The Mississippi gubernatorial campaign and election and the beginnings of the 1972 presidential campaign.

Presidential trips to China and Russia.

De- and escalation of the Vietnam War.

Floods. Mud Slides. Hurricane Agnes.

Some of us found ourselves feeling more aware of what was going on in the world. Others decided to put it off until next year.

THE YEAR

All of us are made aware of the "events" planned for our benefit and planned for us to enjoy individually. However, much of this enjoyment is derived from our interactions and reactions to the people who surround us. These are those intangible things that we look back on and that color and shade what we will remember about a certain time, a certain week, a certain day.

These intangibles are not recorded in this book. This is a virtual impossibility, for every person has something different to remember. What is recorded in this book is a picture and word account of the 1971-72 school year at the University of Southern Mississippi. Nothing intangible, just a record of the "events." In reading this account, if one's mind wanders to remember some of these intangibles from this past year, the purpose of the book has been achieved.

Summer Quarter

For those of us coming to finish early or because we're finishing late or just because going to school beats sitting around home, summer at USM is a very relaxed and casual quarter. Take only half the academic load or get those two required courses over with that you've put off and put off. Get the GPA up. Move off campus and try a change from dormitory living. Get all your classes in the morning and relax all evening. Get all your classes in the afternoon and sleep late.

Besides full-time students, the campus overflows during the summer with people attending workshops, clinics and camps—Aerospace, Lunch Room Managers, Band, Twirlers, Reading and JAG school, just to name a few. Cut-offs and tennis shoes, army uniforms, batons, band instruments, badges and name tags, all part of the summer scene, along with lurking National Guard in town from nearby Camp Shelby, making their constant rounds of the campus.

Rush Week

For both the rushees and those putting on the rush: some people love rush; others say there must be a better way; some view it with mixed emotions—a necessary evil but nonetheless a tradition and one that evokes good memories as well as painful ones.

Parties, smokers, smiling faces, "Where you from?" mistaken names. Lasting friendships are made as well as constant decisions—yea and nay—on both sides.

In the end, a wild stampede to Panhellenic or Fraternity Row, pledge pins and ribbons and for those involved, a first glimpse into one aspect of college life.

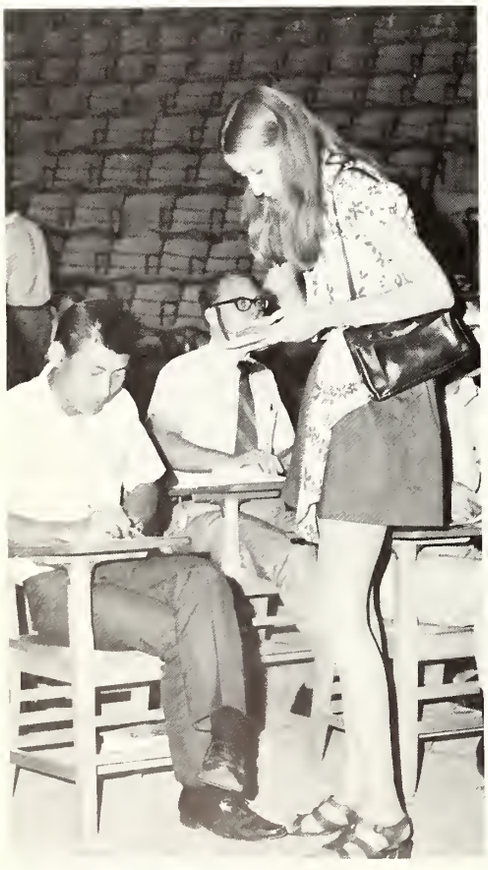

FALL QUARTER

Registration: The Welcome

Registration is a necessary evil and one of those things that has the same end result, however it may be changed.

What can be said—it's something that you've got to go through sooner or later if you want to continue from quarter to quarter.

Sometimes the whole thing will go real well for you and other times you feel for certain that someone has it in for you.

Some quarters the overall process if worse than others (Fall Quarter has this reputation).

There are those people who get everything they want and don't have to change their schedule three or four or five times. Don't worry, the law of averages will eventually get them.

There are those, who can even change their schedule, who get out in 30 or 45 minutes and there are always the ones who get caught and have to come back after the lunch break.

Grin and bear it, it's only one day per quarter. And, as something to remember it by, you've always got your ID pic as a souvenir.

Construction/Demolition/Renovation

The Fine Arts Performing Center and the Nautatorium were still under construction and unoccupied during the first part of the school year. It was rumored that both East Hall and House Q, the last "temporary" buildings on campus were slated for eventual removal. In front of the Administration Building, a hole similar to a mine crater, eventually to be a fountain, was being dug. Across the street from this, the innards of Forrest County Hall were being dug out, a project that included renovation of the building and the bricking up of over half of the windows.

The facelifting of another campus "institution," the Dome Theater, across Hardy Street, was eagerly applauded, with the exception of the new name that it affected.

CYCLE
ONLY

HONDA

No Parking

Starting fall quarter and continuing throughout the year came the virtual impossibility of finding a parking place. If you got a space, you then walked miles out of the way, just so you wouldn't have to move your car.

The bicycle and motorcycle were the answers for many in solving this parking problem, seen by the additional miles of black and "yeller" cycle racks put up throughout the campus.

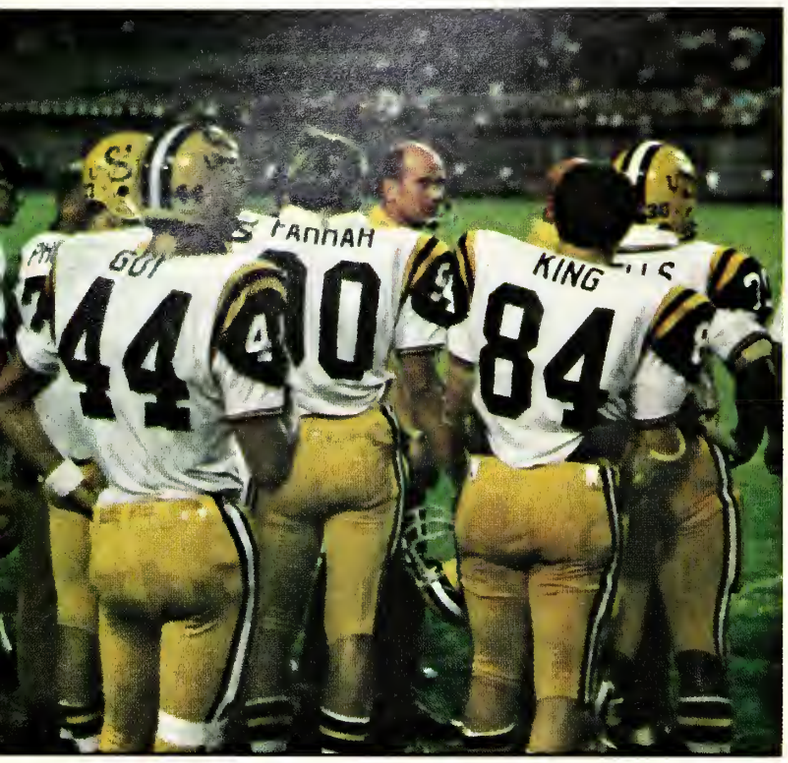

SPIRIT

Football spirit for the 1971-72 season had its usual ups and downs.

But no matter, there is some spontaneous element when a crowd of people are at a football game, with the team winning or losing—all the more reason to yell—and the Pride and the DD's and the cheerleaders all doing their thing and yourself having a date or with a bunch of friends, swigging bourbon and/or Coke waving your shaker, yelling "Go To Hell" whoever with "Southern To The Top!" blaring in the background.

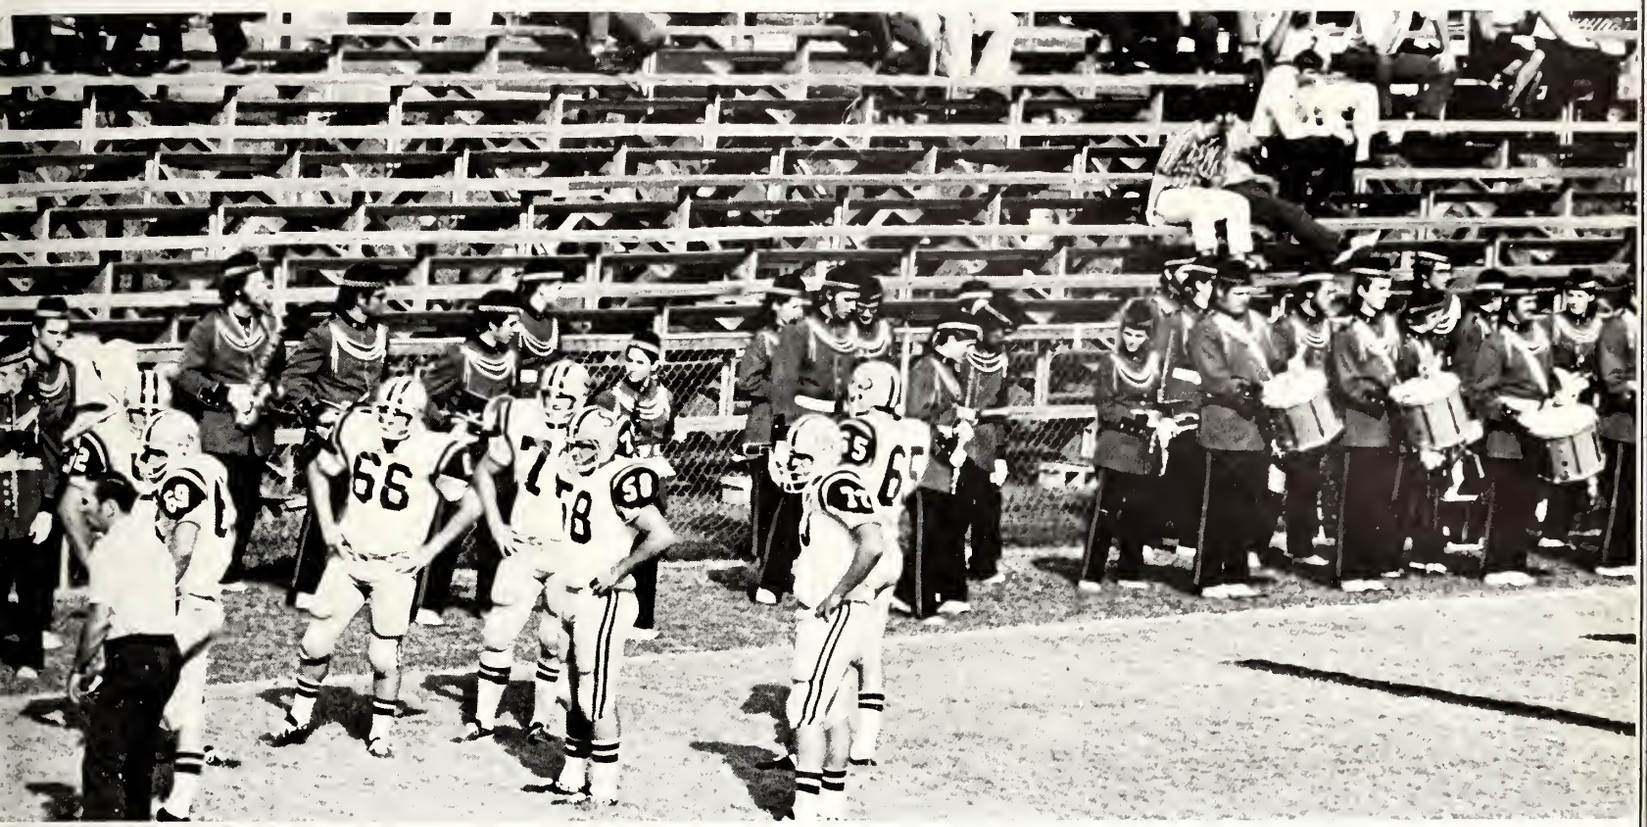

Win, lose and even how the game is played are all good enough reasons to find yourself caught up in this mania. Try it, you'll like it.

FIRE!

An explosion of undetermined origion ripped through the Polymer Science Lab and surrounding classrooms on the first floor of the Walker Science Building on the evening of October 19.

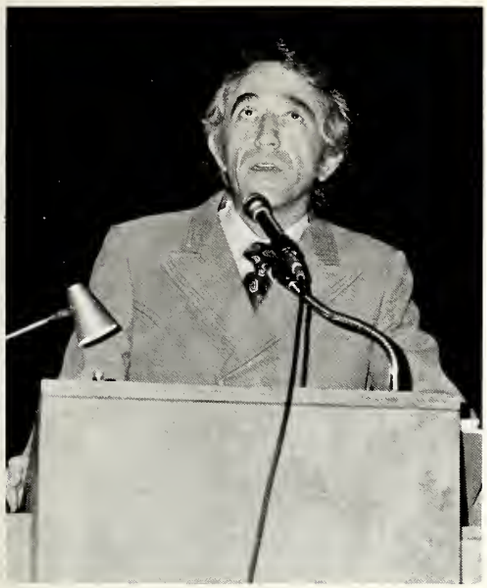

Windows along the west side of the building were blown out by the explosion and the resulting fire caused extensive damage to the middle portion of the science building, as well as completely destroying the Polymer laboratory. No one was injured in the incident.

Homecoming 1972

During one early weekend in November, the yearly Homecoming celebration takes place and unfolds its vast tableau of "college life" to those coming-home, signifying to them that life at their old alma mater is and is not the same as it used to be.

Football game, victory, homecoming queen and court, parade, cheers and cheerleaders, pretty girls in convertible automobiles, The Pride, "Southern To The Top!" Dance, party, booze, chicken wire, crepe paper, black and gold.

Homecoming '72 was all of the above—a vast collage which featured the traditional events for both returning alumni and students. Besides the dance and game a featured event was performances of the musical "A Funny Thing Happened On The Way To The Forum."

Christmas:

Songfest

... an annual Christmas event, sponsored at USM by the Epsilon Delta Chapter of Chi Omega, this year marking number 20.

Fraternity and sorority members, decked in holiday finery, brought the spirit of the Yuletide season in song to the crowd assembled in Reed Green Coliseum.

Taking top honors were: Delta Delta Delta, first place; Sigma Sigma Sigma, second place; and Alpha Sigma Alpha, third place; in the sorority division. Kappa Sigma placed first, Sigma Alpha Epsilon, second, and Sigma Phi Epsilon, third, in the fraternity division.

"Tis The Season..."

Two highlights of Christmas at USM were the performance of Handel's oratorio, "The Messiah" presented by the University Choral Union, and a concert of traditional Christmas music presented by the University Singers.

The two weeks prior to the holidays were much like those pre-Christmas weeks in years past at USM. Between winter quarter registration and going home two weeks later no one had enough time to get settled for the quarter, much less study.

On December 19, the campus quickly became deserted as students and faculty made it for home, forgetting academic pursuits until the new year.

The Art Film series, as well as UAC sponsored movies on Friday nights, provided something to do for a number of people who stayed at USM on the weekends. Attendance was a marked increase over that in years past.

SGA elections come in fall and winter quarters.

Although the campus didn't take on quite as much the carnival atmosphere as elections of say even one, two or three years ago, there were still the punny campaign slogans and garish-colored posters that still overshadow whatever platforms the candidates may have.

Science Tower Dedication

For USM, the supposed start of a new era for their scientific endeavors. Named in honor of two former Mississippi governors, dedication of the edifice brought together on campus an assemlage of national, state and local dignitaries including former Governor and Mrs. Paul B. Johnson, Jr., Senator John Stennis, Governor Bill Waller and Lieutenant Governor William Winter.

"Home away from..."

Whether you have a room in one of the men's or women's dorms or if you have a room, apartment or trailer in surrounding Hattiesburg, your bed and possessions are there and this is your home away from home.

Statement: University housing has no real comparisons to that at home. Question: Was it ever supposed to? There's a good side—to be away and "on your own" and then there is not really a bad side rather a realistic view of college living. Drab, institutional cinder block walls; **no** recreational facilities with the exception of the lobby TV and soft drink and candy machines; little to motivate interpersonal relationships within the dorm, the compulsory Commons meal ticket; lawn mowers outside the window at the crack of dawn; a drunk roommate (and you're sober) and vice versa; the shower you are taking when the john is flushed; the day you cook the beef stew in the pop corn popper and forget it; the stereo down the hall; the nights when your next door neighbor types a term paper due at 8:00 the next morning; the early morning phone calls from home; etc., etc., etc.

Those people fed up with these and other things move out into town to find anything available—and do with a surprising degree of luck. If you can afford it, you can dump yourself into the lap of luxury; for a few dollars less and a little fixing one can feel at least on the knees of comfort. Coeducational company! Not having to hide the booze! No curfew! etc., etc., etc. However, some of the same problems that were in the dorm pop up again along with others—plumbing failure; forgetting to pay the electric bill by the cut-off date; stranger neighbors than in the dorm; etc., etc., etc.

Regardless of the advantages and disadvantages, residing in the university community is something that students have to put up with and have to participate in to have a roof over their heads. Who knows what the future holds. There is room for improvement. If you're a senior, breath a sigh of relief. Underclassmen, grin and bear it.

Spring Quarter

Spring Activity

For those graduating, the end of a long haul and anticipation of getting out. For all concerned, spring brings on an urge to get outside and away from academic pursuit—if you can persuade your prof to take your class outside—and some do. If you can't get class outside get out as soon as you can—to swim or sun or sit or otherwise. Spring activities gave everyone who wanted to get out a chance whether to enjoy an outdoor concert or a baseball game—intramural or varsity—or just to wander around the campus.

CHASE

HIWATT
HIWATT

A controversy over "bare backs and belly buttons" and their proper place (exposed vs. covered with clothing) on the University campus erupted during the Spring quarter.

Starting with the failure of the Association of Women Students to pass a regulation allowing women students at USM to wear crop tops and go bare footed the Student Senate then jumped on and introduced and passed a bill abolishing all current dress regulations for **all** USM students. This issue caused more controversy than most any other occuring on the Southern campus during the Spring but did little more than cause several stormy SGA and AWS legislative sessions.

A new innovation and one that was well received took place during the first week of May. The week of UAC-sponsored events was labled "Spring Fever."

Starting off the week was an open air concert by the Trinadad Tripoli Steel Band, held on the Student Services-Southern Hall-Hattiesburg Hall lawn. During the week, different events included nightly movies, field day events, two golf tournaments and a "cook-out" and dance at the USM Pavilion.

We
can never know about the days to come
but
we think about them anyway.
And I wonder
if I'm really with you now
or just chasing after some finer day.

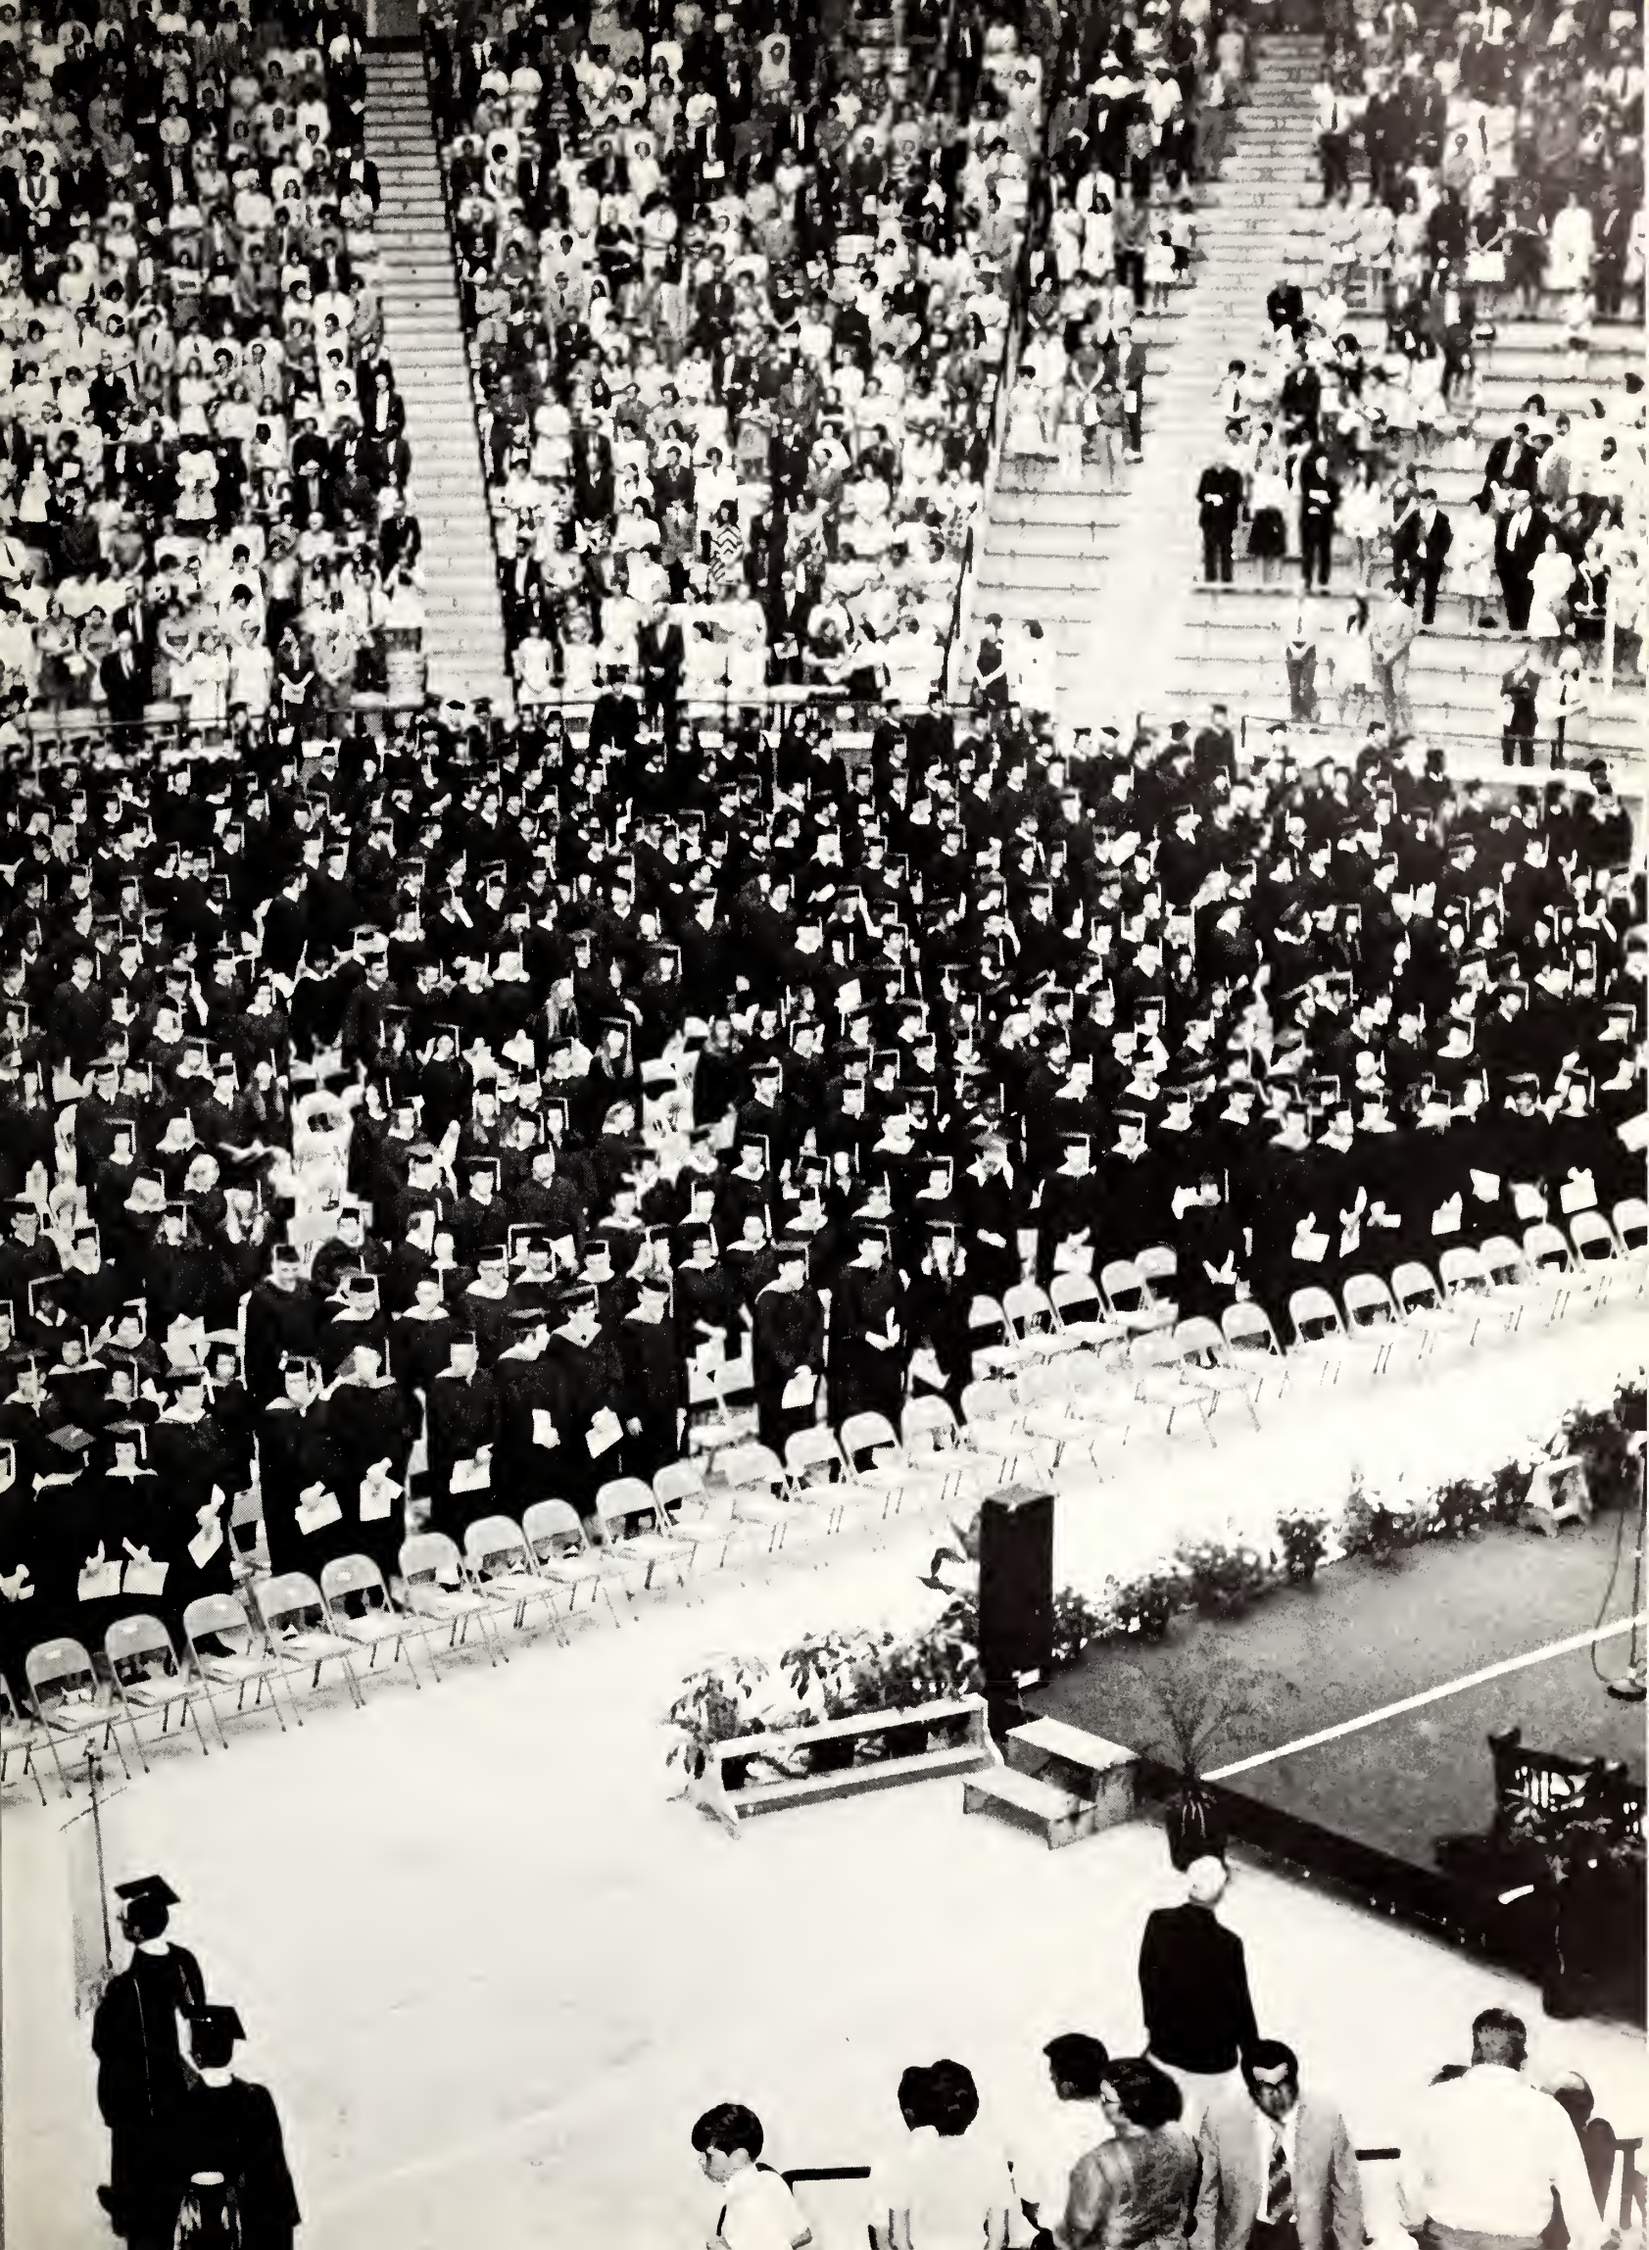

Anticipation, Anticipation
is making me late
is keeping me waiting

And tomorrow
we might not be together
I'm no prophet,
I don't know nature's ways.
So I'll try and see into your eyes right now
and stay right here,
'cause these are the good old days.

Face

(fas),.n.[L. facies], 1. the expression of the countenance.

We of the University community are each individual and different and too complex to be analyzed and dissected in only words. The best that can be given is an impression—something like holding up a mirror and standing back.

Use these following pages as a mirror device. In them can be captured the mood of the moment as well as seeing the influence of the environment on the individual. A note for those looking in this mirror: discern for yourself.

Football

September 11/ Ladd Stadium
USM 9 Florida State 24

In the Big Gold opener against Florida State, the Seminoles controlled the entire bout, using their superior passing game. In the first half, the Southerners led Florida State 7-0. However, a number of fumbles led to Seminole scores and in the second half, USM trailed as much as 24-7.

Junior back Bill Foley scored the lone touchdown, a 34-yard run in the first quarter. USM's other points came on a safety ruled after a poor center out of the end zone by Florida State.

All in all, Florida State bombarded the USM defense with 14 completions for 169 yards, most of them being crucial third down plays.

September 18/Denny Stadium
USM 6 Alabama 42

In contrast to the Florida State game, the nationally ranked Crimson Tide used their running game to bury the Southerners in the second game of the season.

These first two losses were trying for the Big Gold, who had desperately sought opening victories to serve as impetus for the remaining tough schedule.

Alabama rushed for an awesome 276 yards on the ground for an easy victory in Tuscaloosa, with All-American Johnny Musso doing most of the damage. The only USM touchdown was a 9-yard run by Doyle Orange in the fourth quarter of the game.

September 25/ Mississippi Memorial Stadium

USM 10 San Diego State 0

Going to Jackson for the first time in four years, the Southerners were determined to make the "city" folk know that we could play football too.

Facing West Coast power San Diego State, USM played the game skillfully, showing in the final count a masterful 10-0 victory.

A new defensive alignment, designed to stop the Aztec passing game, was successful. It was also crippling for the running game too, with the visitors managing less offensively than USM.

Quarterback Rick Donegan, passing well, connected for a 33-yard gainer before crashing over from the one in the third quarter for a Southern lead. A Ray Guy extra point and 22-yard fourth quarter field goal climaxed the scoring.

The victory was the highlight of USM Week in Jackson, and a climax to a week of events in the capital city sponsored by the Alumni Association.

October 9/ Cliff Hare Stadium
USM 14 Auburn 27

The Southerners traveled to Auburn this year for what a majority of people thought would be the annual Big Gold offering to the Plainsman god. However, soon after the game started, Rick Donegan and company made it certain that this was not to be just another sacrificial loss.

USM actually led Auburn 14-7 at halftime, due to some hyper-fantastic passing by Donegan. He also gave Auburn's heralded Pat Sullivan some competition during the afternoon by soaking up most of the limelight. Donegan awed fans in the visitor and home stands by hitting 12 consecutive passes, setting up two touchdowns in the second quarter and totaling 18 out of 29 attempts.

The Big Gold made some ruffles in the Tiger's fur but was handed a 27-14 loss with Auburn playing a strong second half, burying any hope of an upset. Showing their superior strength and not cracking under the pressure of trailing, Auburn methodically scored three touchdowns in the last half to recover the victory.

October 16/ Hemingway Stadium
USM 6 Ole Miss 20

History has recorded the 1971 edition of the USM-Ole Miss rivalry as a comedy of Big Gold errors.

For those who traveled to Oxford, this point will not be disputed. These fans included those who had hoped for a repeat of the great 1970 upset. And, as usual, the portion of history that will be left out is the fact that the Southern fans won the spirit part of the game—something press brochures and sports editors never remember.

A high schoolish set of mistakes (e.g., fumbles) handed the Rebels a trio of the first quarter touchdowns and a fat 20-0 lead. The USM offense, let down with the idea of having to score that many times, just rolled over and played dead.

The only offense that got on the board was the kicking of Ray Guy, who scored the only points in the 20-6 loss with field goals of 32 and 51 yards.

October 23/ Memphis Memorial Stadium
USM 12 Memphis State 27

By the time the fourth quarter rolled around in the USM/Memphis State game, the majority of Big Golf fans, who had remained home and were listening to the game on the radio, had found more worthwhile pursuits.

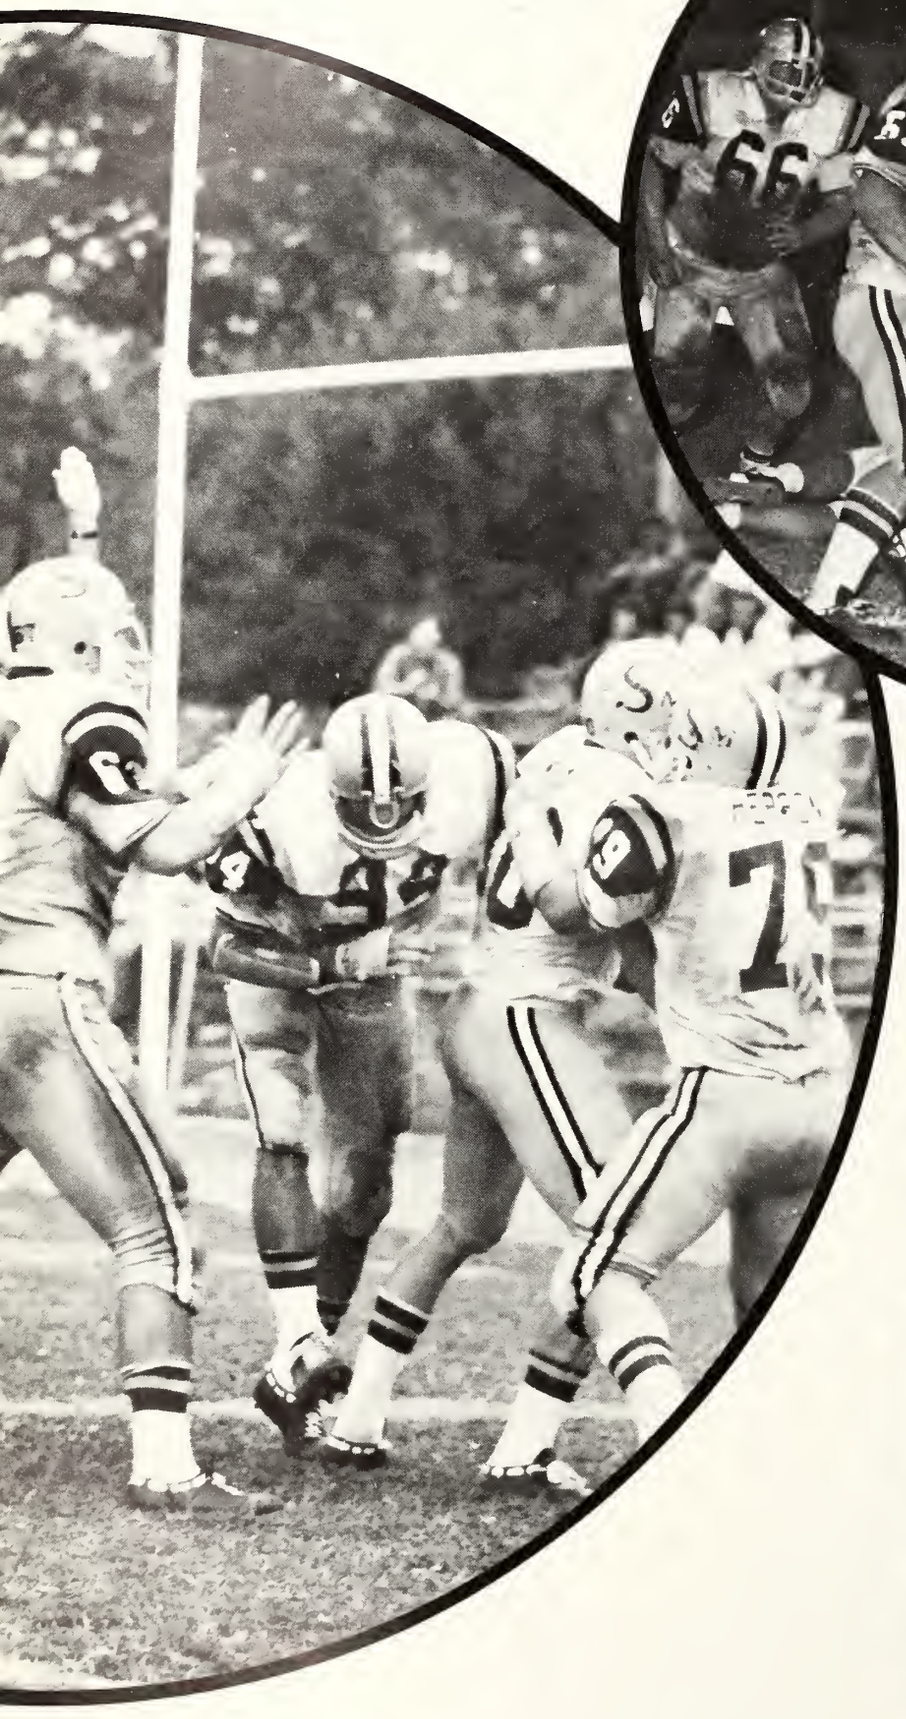

Memphis State made it six in a row over the Southerners with an easy 27-12 victory. USM found itself again behind 20-0 at halftime and found that playing football in Memphis was very much like playing in Oxford.

Buddy Palazzo was responsible for most of the Big Gold's offensive statistics, setting up both touchdowns made in the last quarter.

One improvement over Ole Miss was no fumbles. However, quarterbacks Rick Donegan and Buddy Palazzo had two pass interceptions.

The total Southern offense was strong, amassing 295 yards, but playing catch-up football was just too much to ask.

The loss dropped USM's record to 1-5 and gave the team a chance to return to Hattiesburg for its first home game of the season.

October 30/ USM Stadium
USM 31 Richmond 28

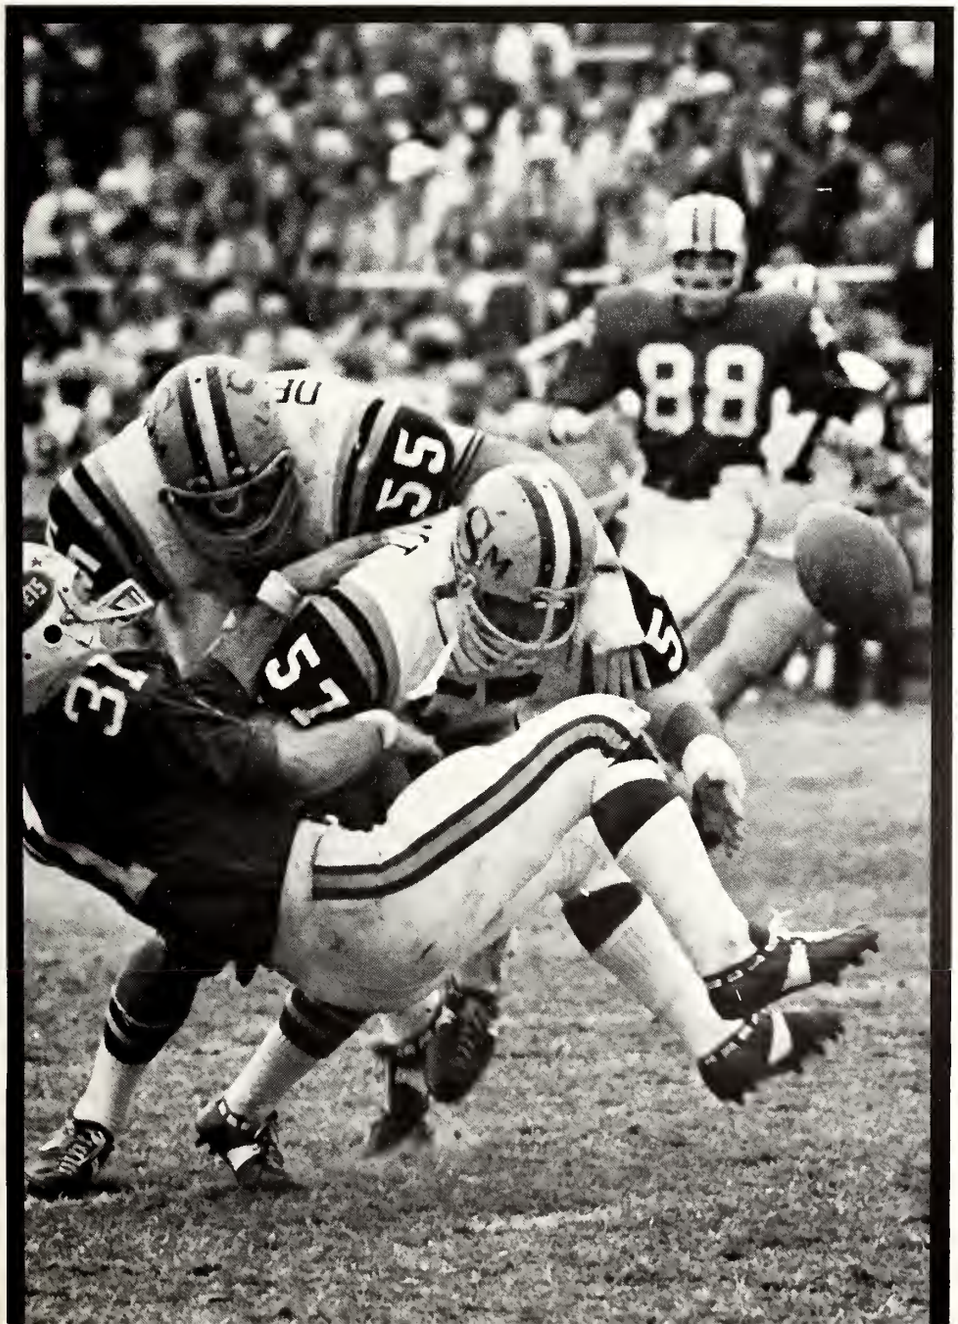

The first USM home game was the start of a winning trend that would continue for the remainder of the season.

The USM-Richmond game was the first of five straight season-ending victories and who would have thought after a spirit drowning 1-5 start.

Credit the sparks for the fire to Buddy Palazzo, who quarterbacked most of this game. He started the game with an explosion seen by Southerners and Virginians alike. This turned out to be the longest play of the season: an 81-yard screen pass from Palazzo to Willie Heidleburg.

Doyle Orange, back in fine running form, scored two of the touchdowns and Steve Broussard got the other. Kicker Ray Guy added a 38-yard field goal.

This game proved to be a struggle all the way but the 31-28 win paved the way for happier days for the Big Gold.

November 6/ USM Stadium
USM 38 VMI 0

Slightly exaggerated, it could be said that the turning point of the USM-VMI game was when the Southerners came out on the field for warm-ups. To be factual, the real turning point came in the second quarter when Coach "Bear" Underwood's men suddenly ripped off three touchdowns and zoomed to victory.

Around 4:30 p.m., all the flasks were long emptied from the annual Homecoming game and the scoreboard read 38-0 for the Southerners, true cause to celebrate.

Buddy Palazzo had kept his hands warm during the week and came out passing hot. He hit 19 out of 34 passes for 234 yards and two touchdowns. Recipients of the aerial show were Harvey McGee and Steve Broussard. Kicker Ray Guy hit from 38 yards and Doyle Orange and Bill Foley scored on the ground.

VMI was faced with a second defeat at the hands of the Southerners. The last time the teams met, USM had whopped the Keydets 42-6. The victory was the crowning touch of the campus homecoming activities, being the second straight win, this being impressive enough alone to cause bedlam on campus.

November 13/Tech Stadium
USM 24 Louisiana Tech 20

Rick Donegan, one-half of the Big Gold quarterback duo, set the stage for excitement in the USM-Louisiana Tech clash. Donegan brought the team from a 20-17 deficit with under four minutes to play. He defied tradition by coming through in the clutch with 27-yard and 25-yard passes to Bill Foley and Steve Broussard to get the ball into scoring position. It took Doyle Orange two short runs for the final six points to end the most exciting win of the season. For the game, Donegan hit 18 out of 31 for 258 yards, one of his better efforts of the season.

This put USM 4-6, with a new optimism growing with the possibility of a winning season, something that in the end would be a reality.

November 20/ Lane Stadium
USM 17 Virginia Tech 8
November 27/ USM Stadium
USM 35 West Texas State 0

The Southerners traveled to Blacksburg, Virginia to take on Virginia Tech and to win a victory which would make possible for Coach "Bear" Underwood his first winning team in three seasons.

The 17-8 victory over in the mountains of Virginia made things look much better for the home season finale with West Texas State and a 6-5 record.

Defense was the team's strength in the Virginia Tech victory and a strong offensive game doing it in the West Texas victory. The important result: the winning record. Another item, USM will open her 1972 season with a five-game winning streak, something that many teams across the country cannot boast.

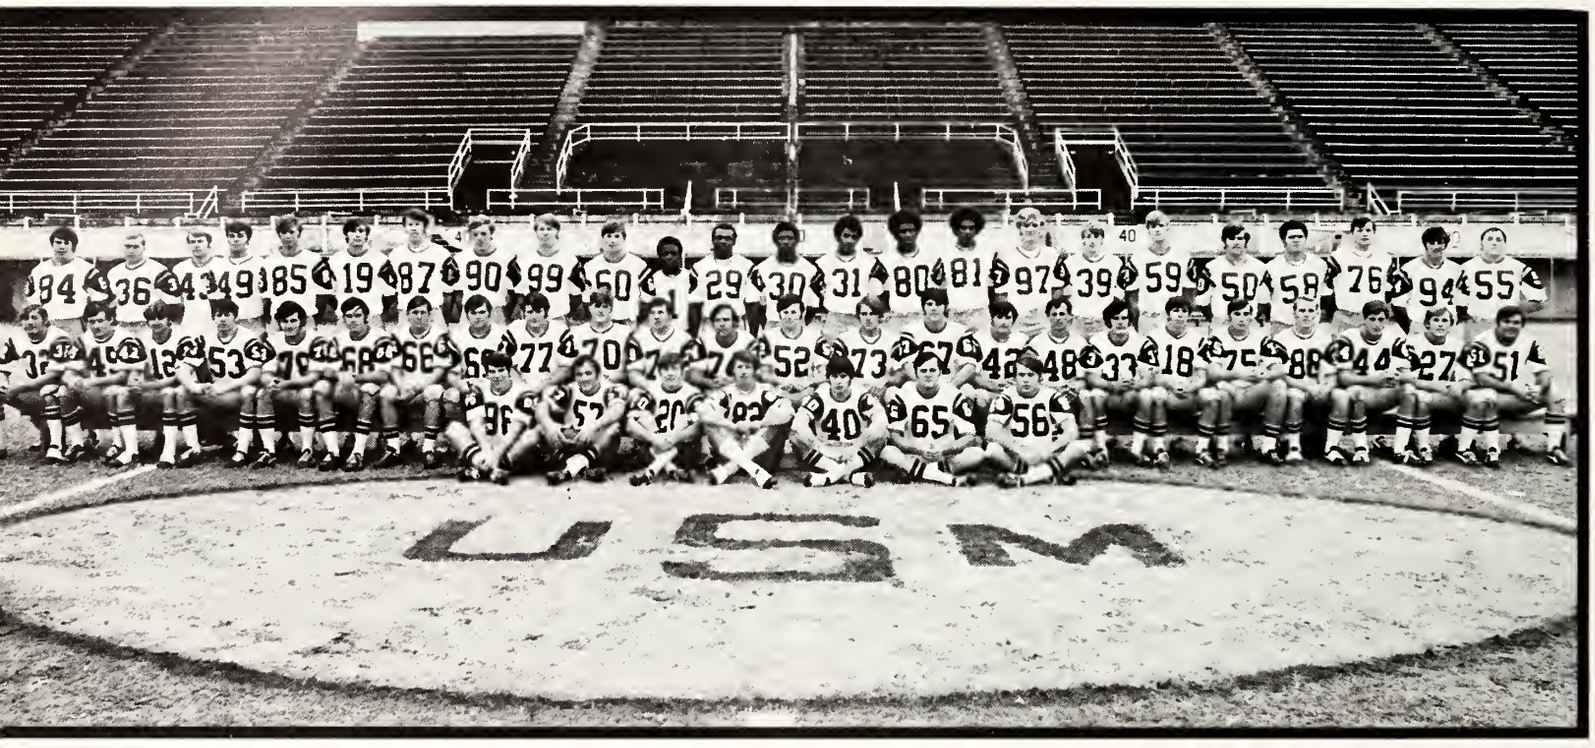

The only disappointment was the lack of fans at the final two games, one played on the road and the other played in Hattiesburg with the student body on quarter break, the majority of whom didn't get to share the glory of the "Bear's" first winner.

Basketball

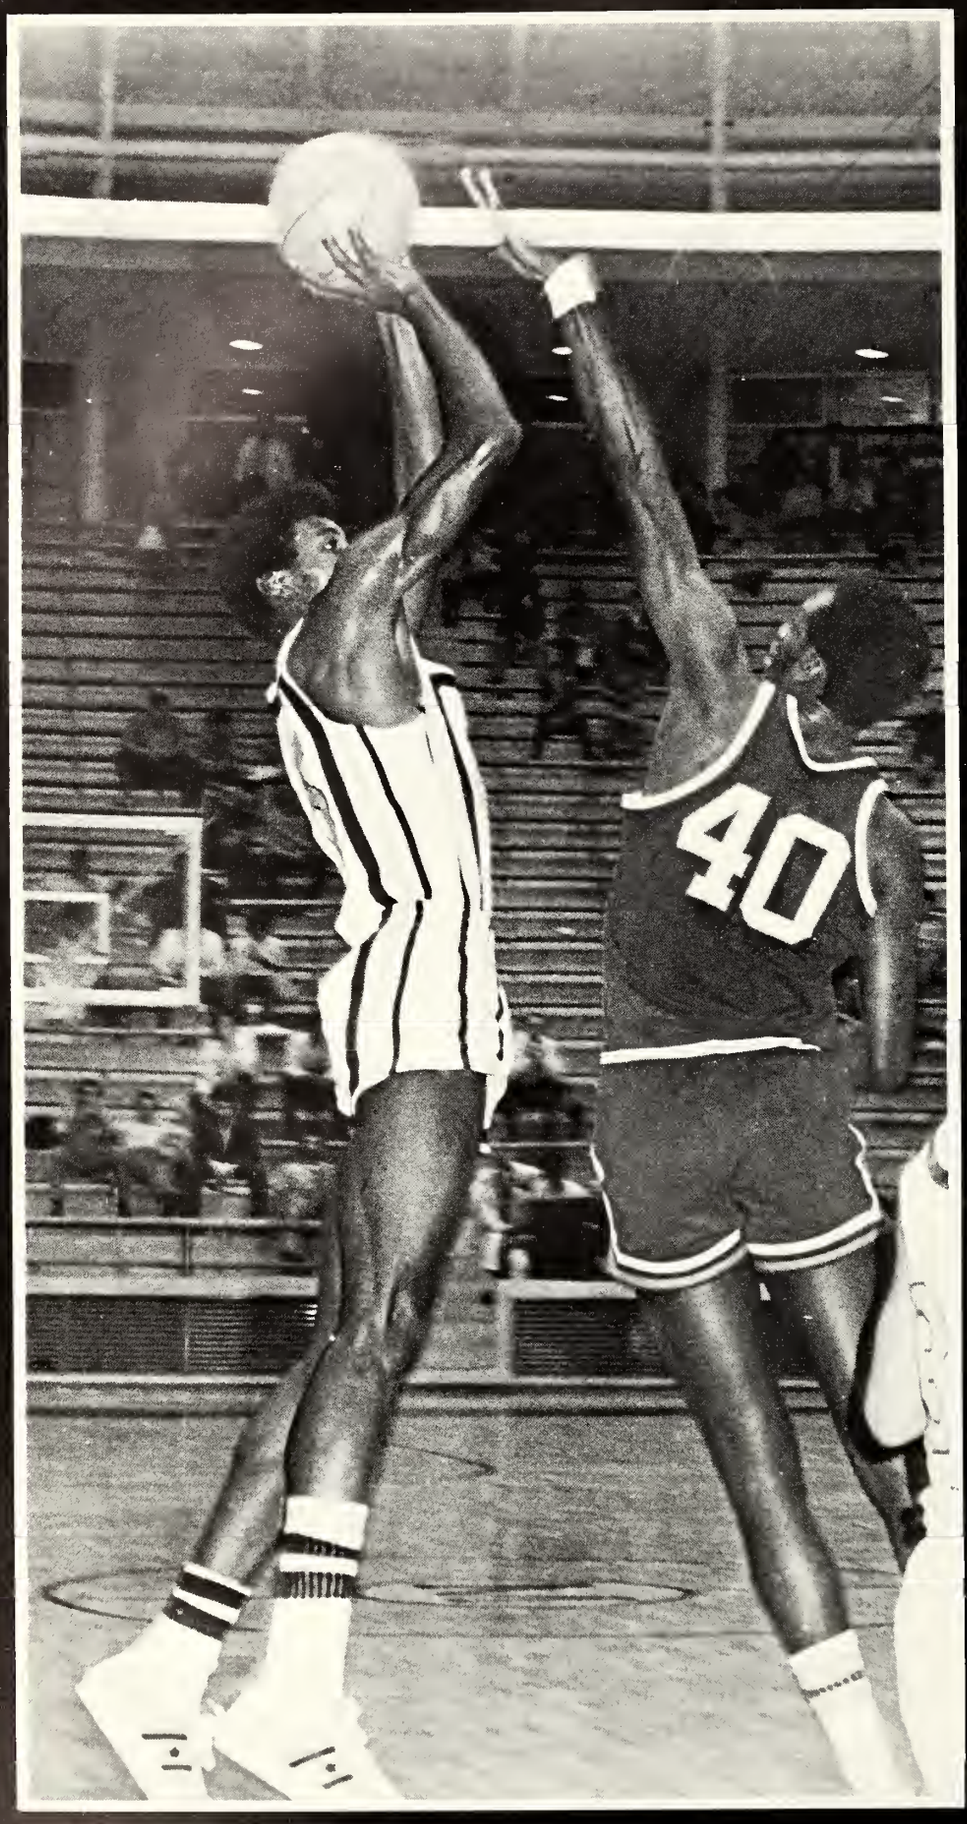

The 1971-72 basketball season will remain on the books as a losing season. Unfortunately statistics don't lie. However, they fail to give an inkling of effort involved by those who played the game or to the emotions involved or the morale at stake.

Through 24 games, the Southerners battled to win but the luckless dozen players had the same thing happen time after time. A defeat. Another defeat. Still another.

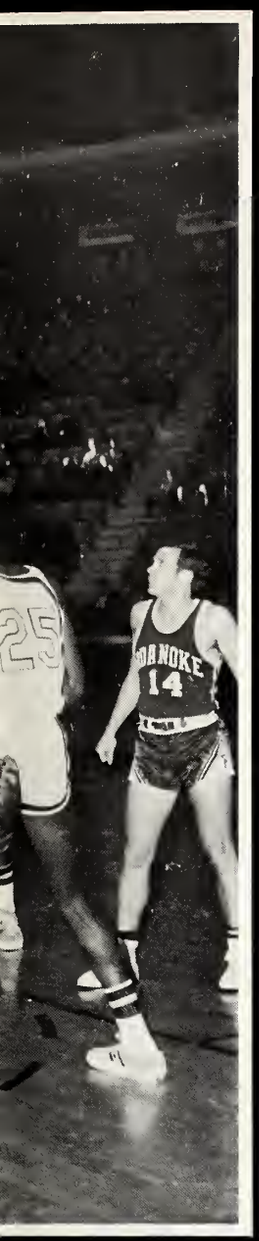

As the season progressed, people started wondering when the team would pick up its first victory for new coach "Jeep" Clark. Along with this, the team was riding the dubious honor of a 30-game losing streak, continued over from the 1970-71 season.

40

21

One bright light shining in the darkness of the gloomy season was the play of a number of new players on the team. Sophomore Danny Thornsberry lead the Southerners in scoring, rebounding and field goal shooting, averaging 20 points a game, 8.4 rebounding and shooting 45 per cent. Thornsberry had individual highs for the team in four major catagories and scored the most points in a game. Scoring 38 points against Ole Miss at Reed Green Coliseum, he put on a second-half show not matched the rest of the season by anyone on the team.

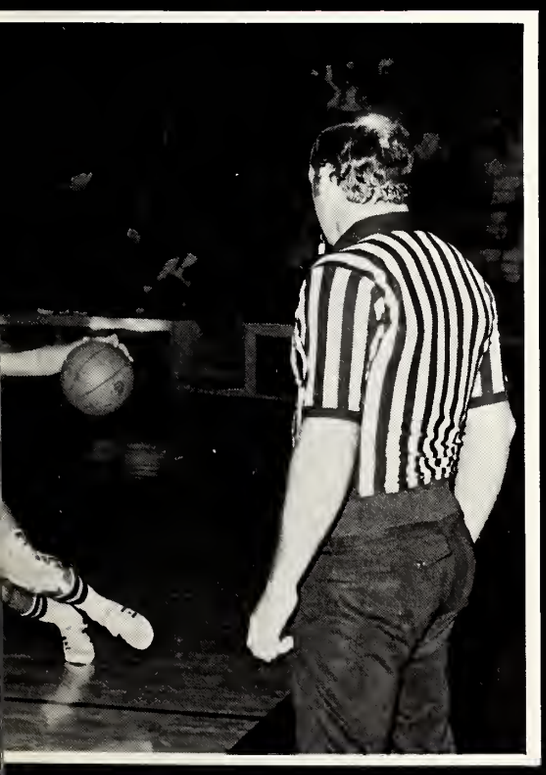

Casey Price, a sophomore and the team's regular center averaged 9.8 per game and grabbed off 7.8 missed shots per game and had a 42 per cent accuracy on field goals.

Jim Simons was third in scoring with a 8.6 average, and was the only other strong rebounder with six a game. Bobby Jones was the fourth player on the team who saw action in all 24 games and scored an average of seven points per game.

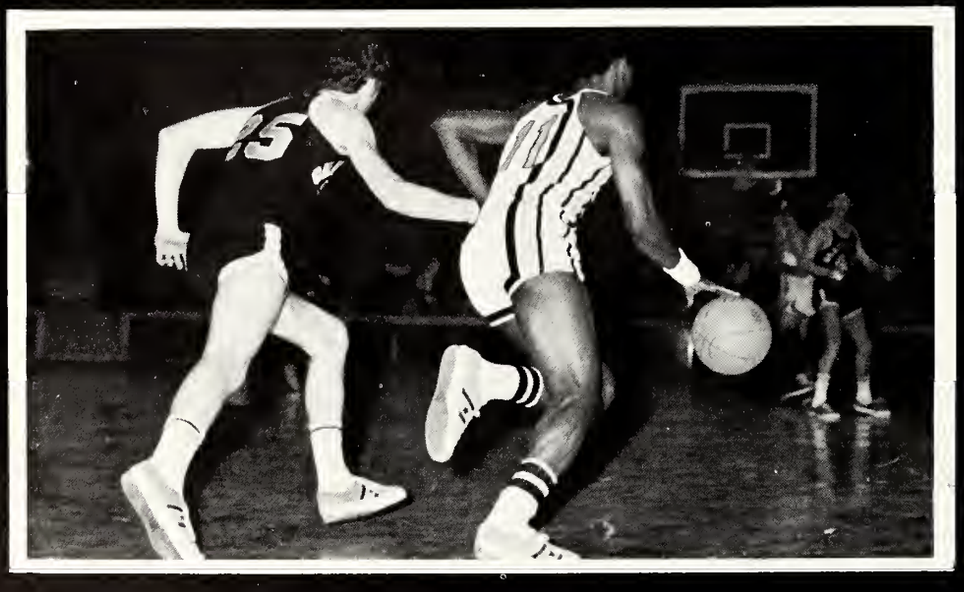

As a team, the Southerners scored 77 per game. Their opponents got 94. The team shot a relatively poor 39 per cent as compared to 46 per cent for the team's foes. Better shooting by opponents was a major factor in many of the team's losses.

USM opened the season with a pair of losses on the road to Trinity and North Texas State. Then the team lost a close game at home to Pan American before going to the Alabama Classic in Tuscaloosa before Christmas break. There the team lost another close one, 77-73 to Mississippi State before being wiped out 108-80 by the Southeastern Conference suprise team of the year, Alabama.

An eight-game home stand was hoped to be all needed to get the team on the winning side of the ledger. But all it served to do was reduce the attendance little by little. Included in that home stand were defeats by Ole Miss and power houses Louisiana Tech and Houston—both of these by over 30 points.

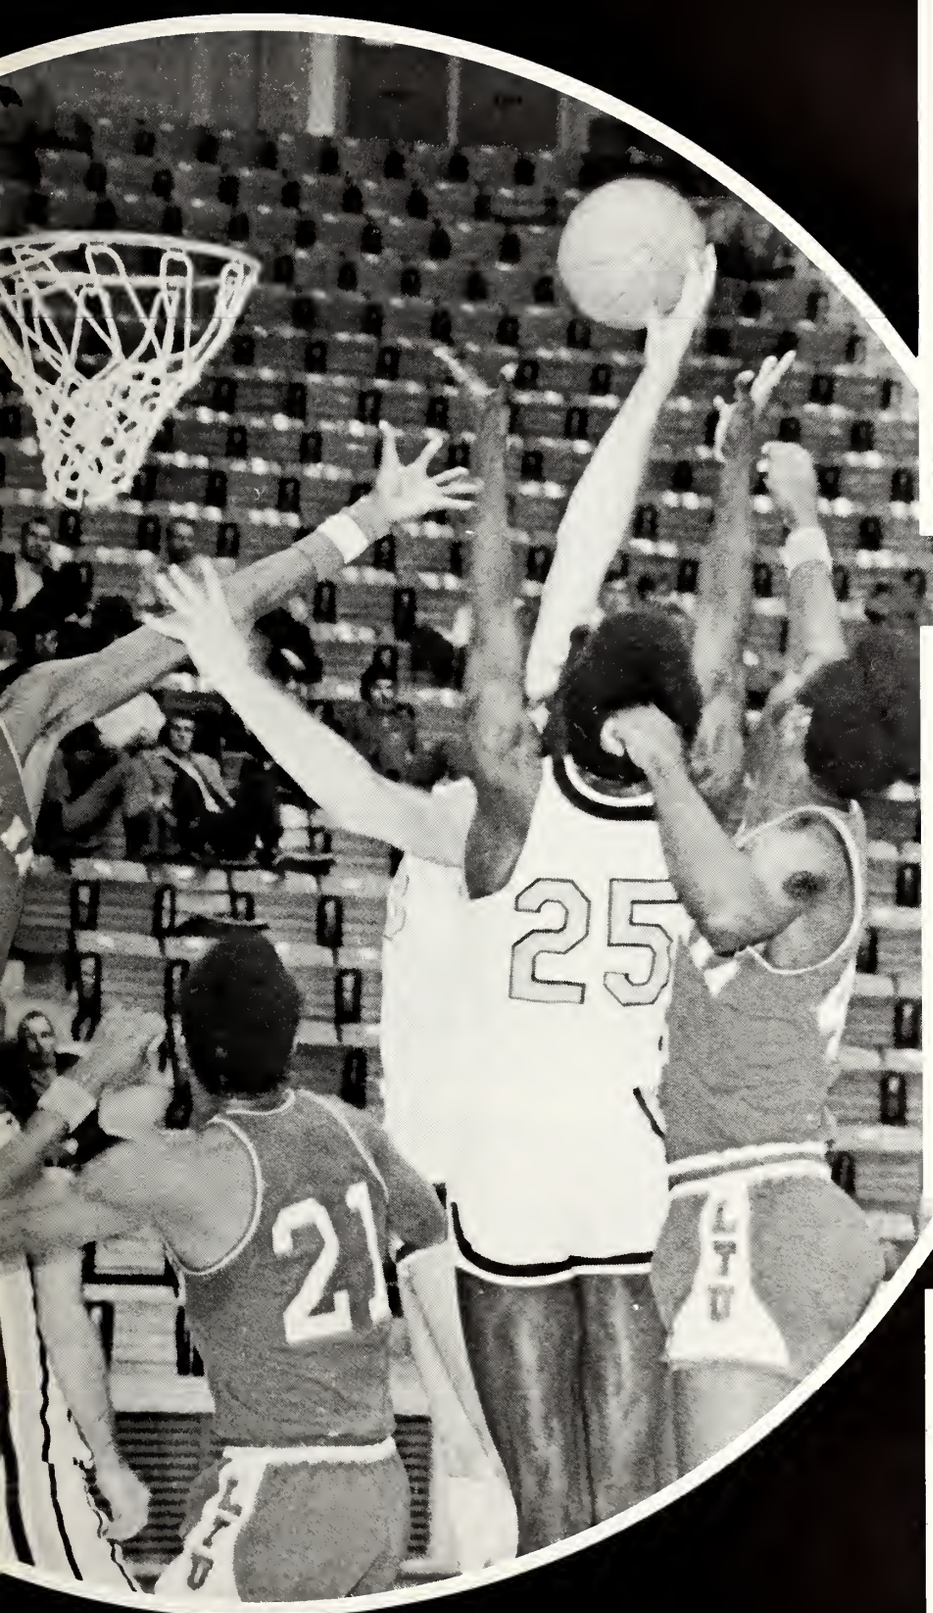

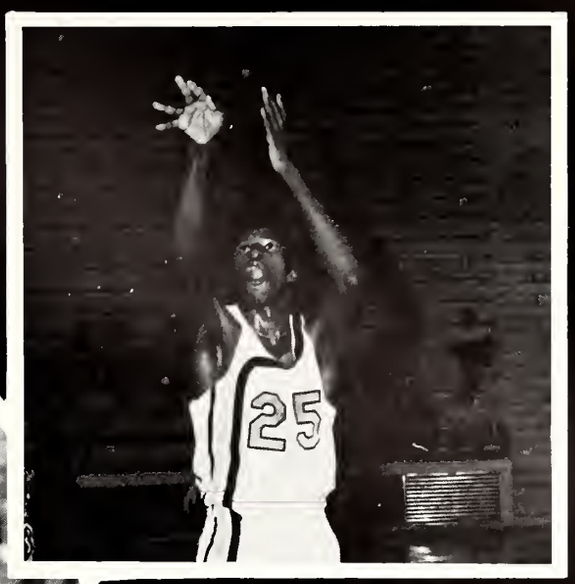

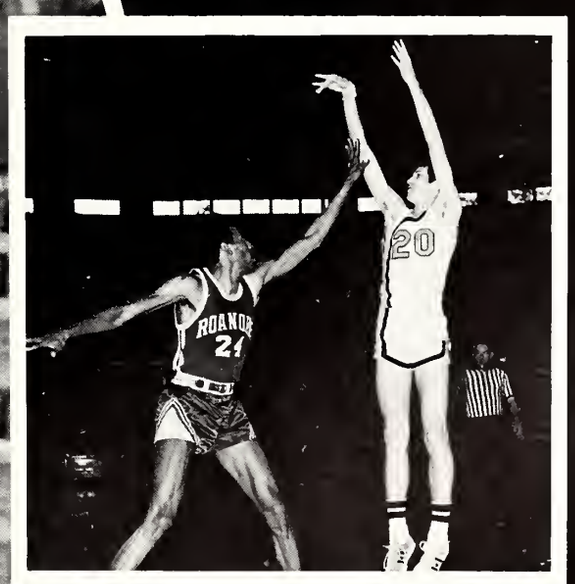

The Southerners hit the road for five games, still in search of its first win, in late January. First stop was Tulane, where the Greenies had almost as bad a reputation in basketball as USM was unfortunately earning. The Greenies, who had even lost to nationally known weaklings Notre Dame, pasted the Southerners 90-68, with their fourteenth consecutive loss of the season.

It was six games later before USM would get close to winning. This was a home game against Centenary, which the team eventually lost 85-81, after leading most of the way.

Another close game, the next-to-last of the year, took place in Los Angeles on the team's season-ending West Coast road trip. But, as had been the rule of thumb the whole season, the opponents went away victors, 71-68. A loss at Los Vegas to the University of Nevada closed the season.

Baseball

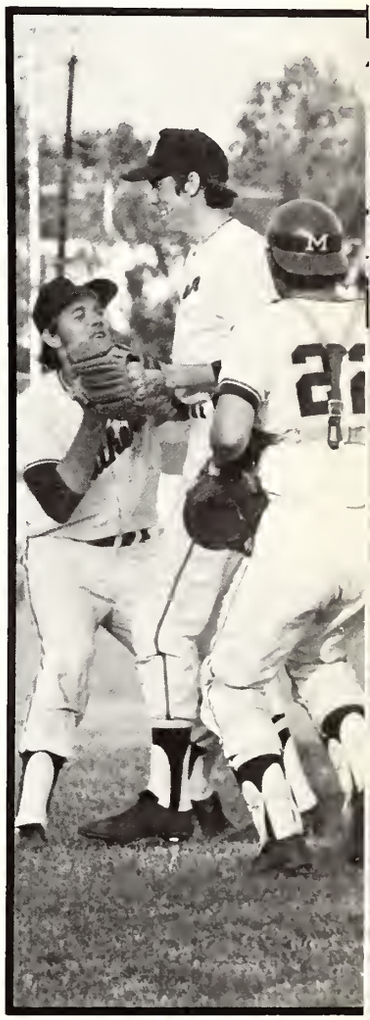

Baseball Coach "Pete" Taylor is going to have to start the pitching machine a little earlier next spring. The baseball record for the spring of 1972 wasn't too cheerful.

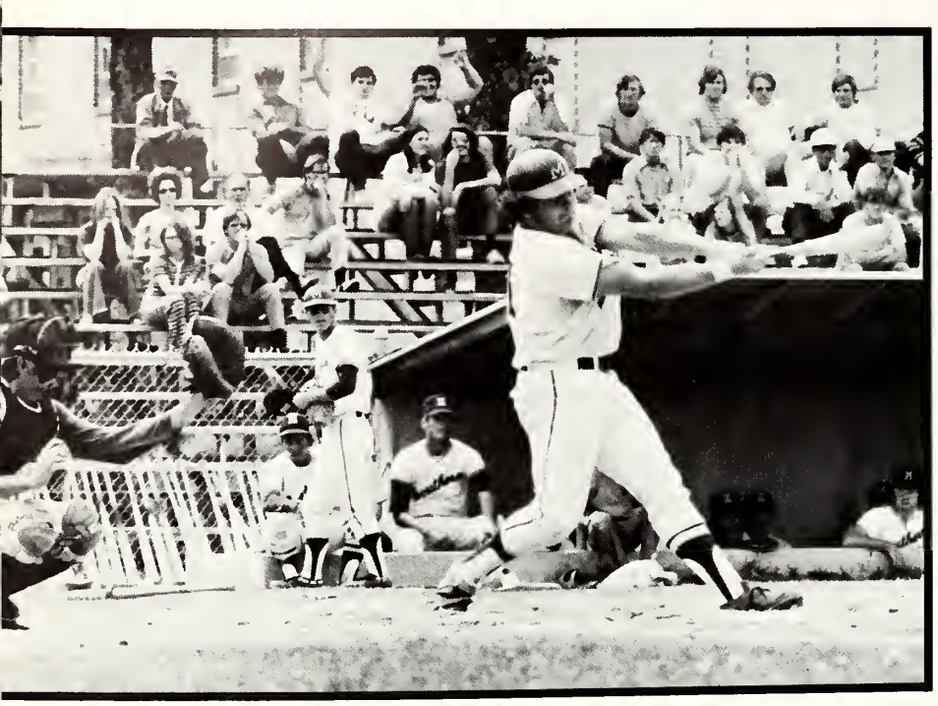

The Southerners, who posted a 17-10 mark in 1971, slipped to a 12-16 record during the past season. The team got off to a slow start and never really got things together; the longest winning streak the team had being four games in the middle of the season.

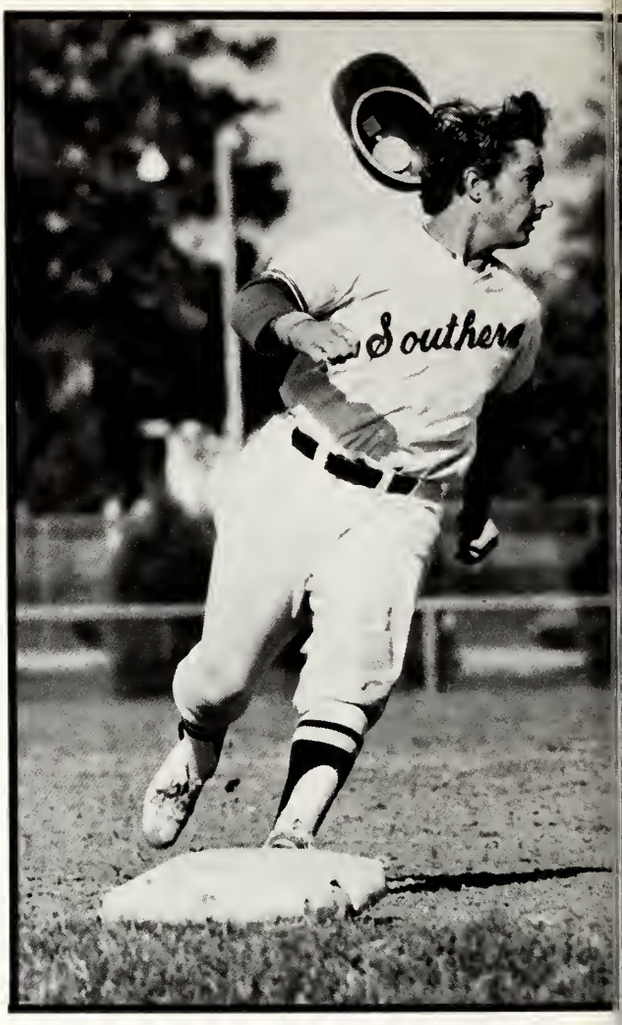

Among the victories were ones over Ole Miss, Alabama, Mississippi State and Delta State. The more notable losses were to highly ranked South Alabama, Ole Miss, State and a lop-sided 18-6 thumping by William Carey.

The win by Carey was the first in five games, with the season series ending at 1-all. The final was rained out.

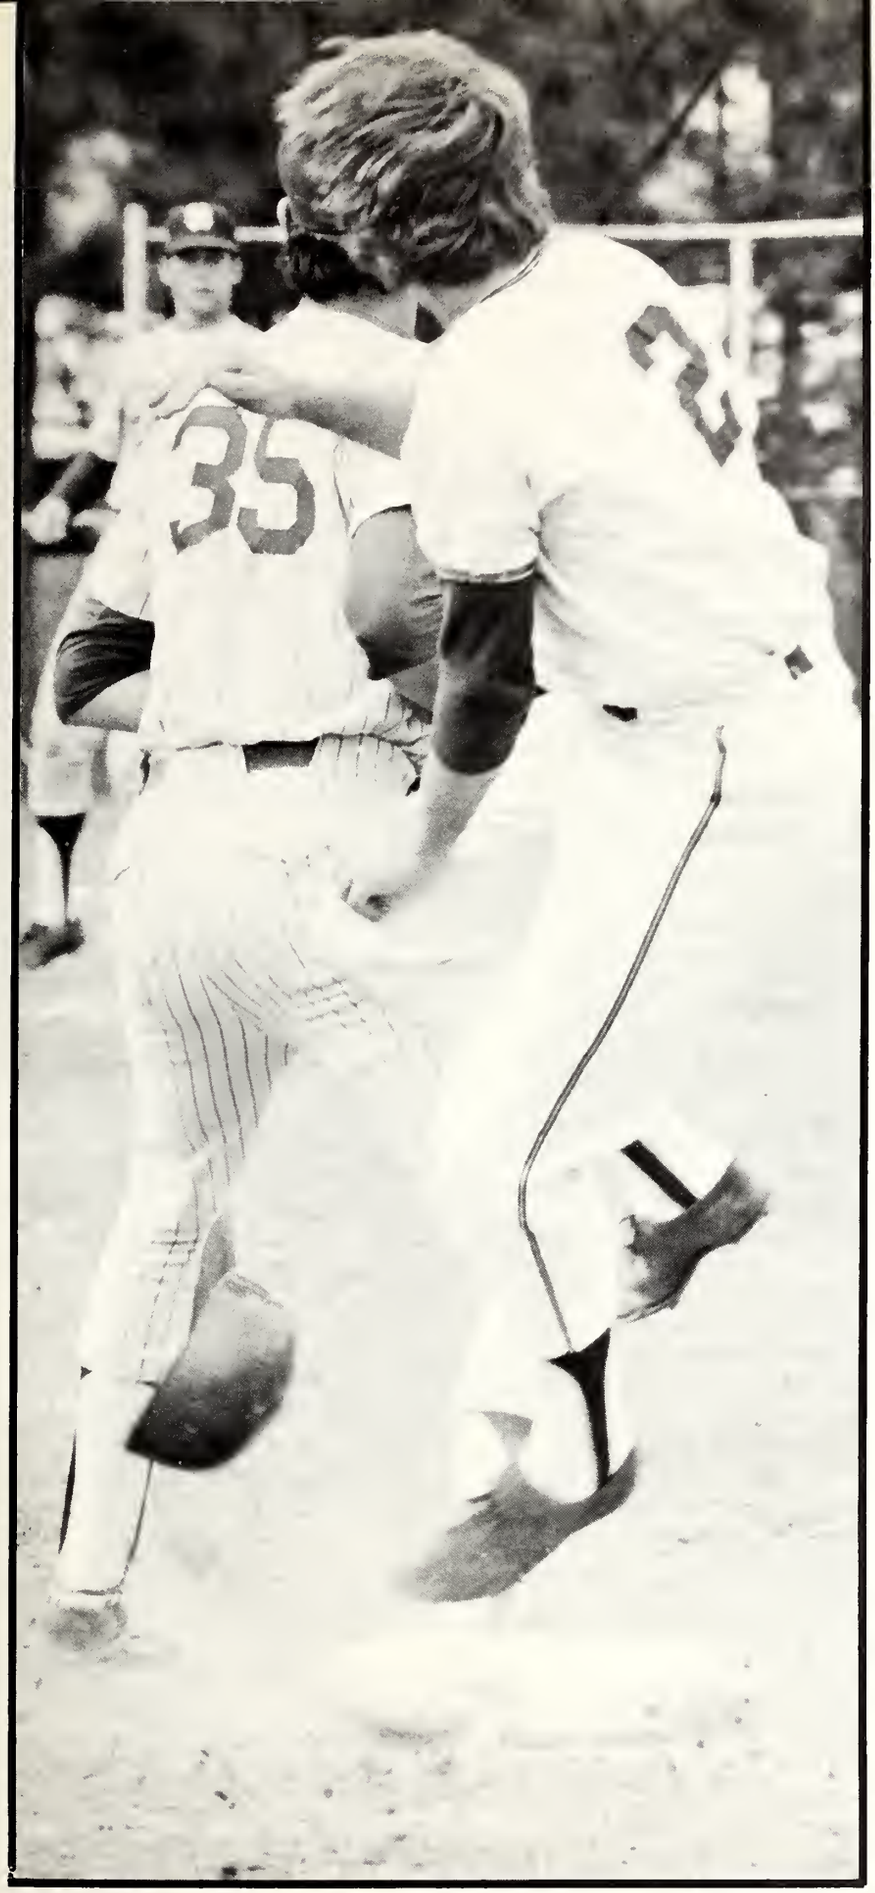

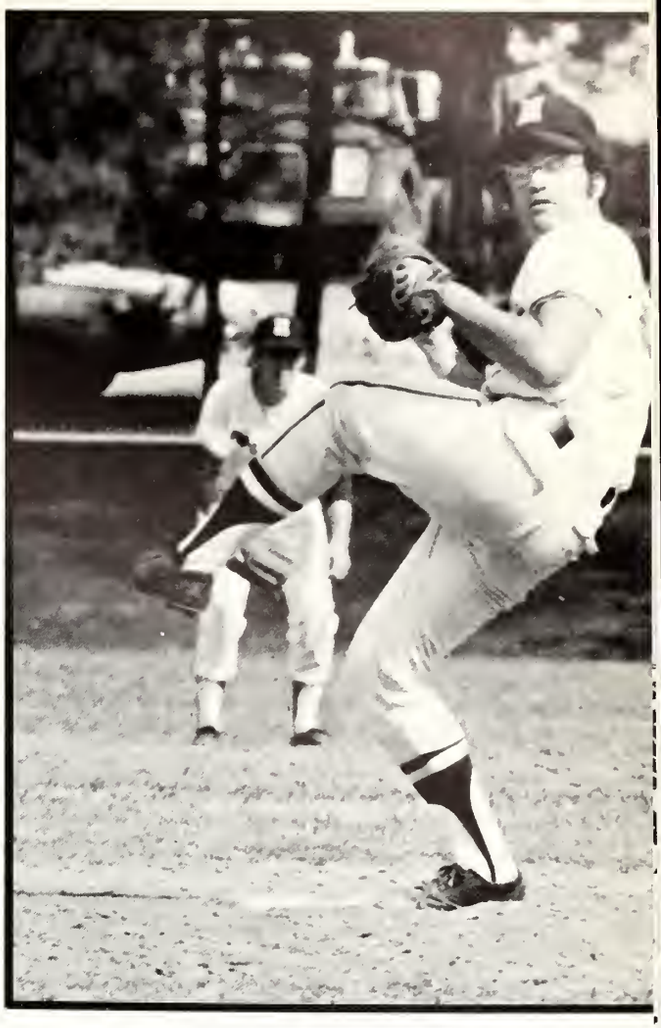

Southern

Southern

All wasn't gloomy, however, as Taylor was presented with one of the strongest performances a coach can have by a player—a no-hitter by pitcher Ray Guy.

Guy's 2-0 masterpiece was over city rival William Carey College, and was the first ever for a Taylor-coached squad. This was the brightest spot of the season.

Guy, the team's premier pitcher, was 5-6 on the season and continued his three-year record of over one strikeout per inning on the average. He fanned 95 in 1972 in just 73 innings.

Buddy Davenport, who had a pair of shutouts, was 4-4 for his sophomore season. Bobby Muhs was 3-4, including a 3-0 blanking of Southeastern Conference champions Ole Miss.

Outfielder Jim Plunkett, better known for his football abilities as is Guy, teamed with catcher Tommy Monroe as Southern's leading hitters.

Tennis

Many good things happened, tennis-wise, to USM in the spring of 1972.

First, the team made a long-awaited trip to Hawaii and other area colleges. Second, the two campus tournaments got bigger and better.

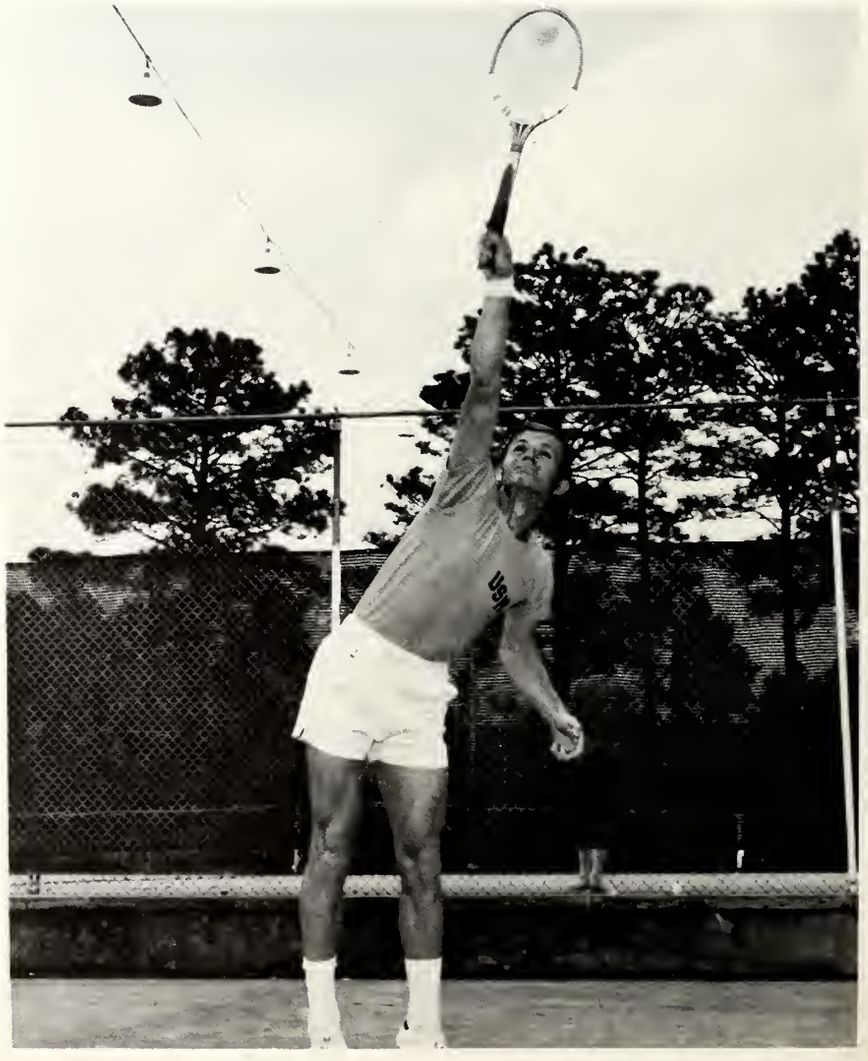

The team itself had a winning record (13-8), and during the middle of the season, the Southerners won seven straight matches.

Hawaii visited USM for the Big Gold tournament in March, as did Missouri, Air Force, Samford and Mississippi State. The competition was stiff, to say the least.

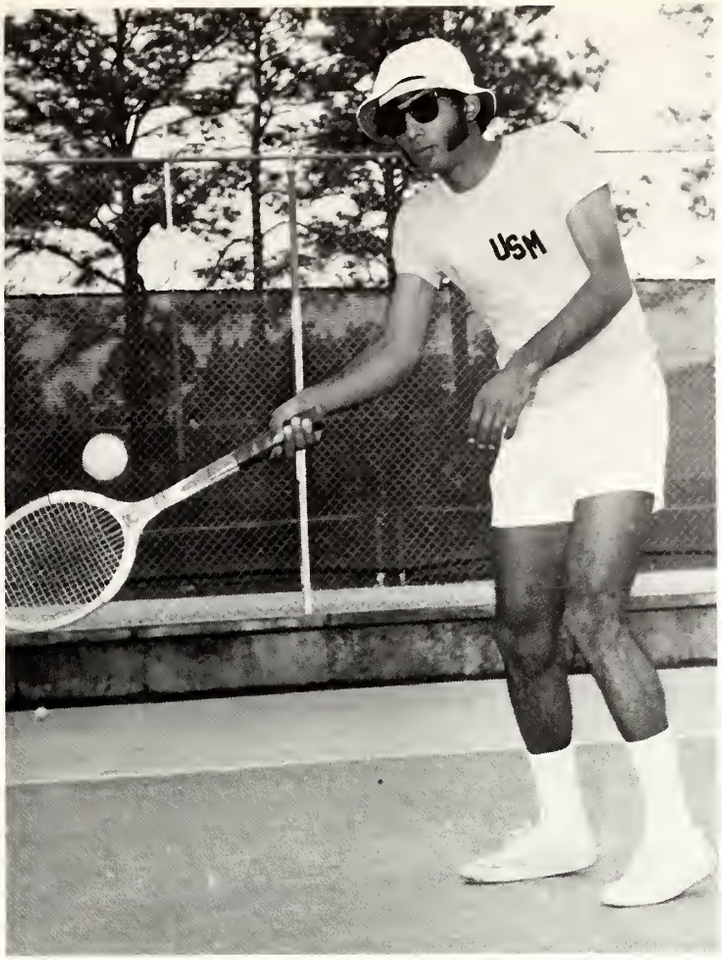

Senior John Bishop had the best singles record, winning 15 times while losing only six matches. Number 1 seeded Bubba Shirley of Laurel had a 12-8 mark as did Bing Seal of Picayune. Number 2 John Kramer was 11-10

Doubles play was led by Bishop and Seal, who compiled a 13-3 record. Paul Dhaliwal and W. H. Knight were 9-3.

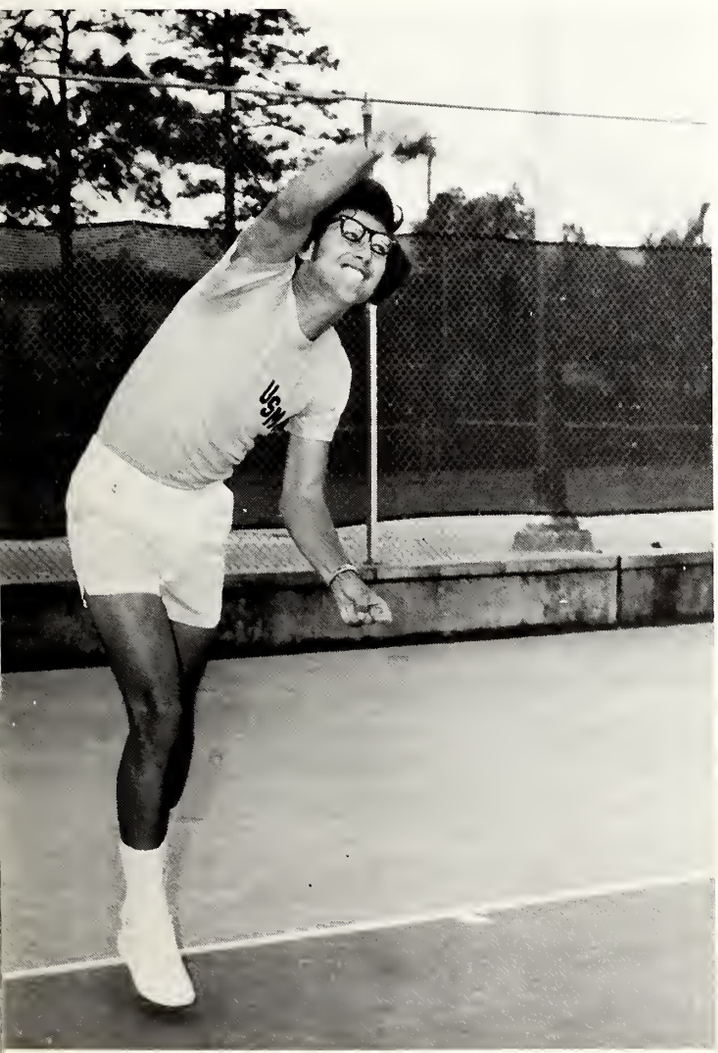

Victories came over South Alabama, Millsaps, Loyola, Southeastern Louisiana and Delta State among others.

Golf

Southern's was a winning team in golf. Led by David Smith, the team posted a 5-4 match record, and it participated in five tournaments.

Although the squad dropped early season matches to LSUNO and South Alabama, it reeled off four straight wins in mid-year to turn a losing season into a winner.

Coach James Ray Carpenter's seven-man squad defeated South Alabama and Kalamazoo College. The other wins were over Nicholls State, and in the same triangle match USM beat Southeastern Louisiana.

David Smith averaged 77 on 16 match rounds to lead the team scoring. Ron Stephenson and Steve Humphreys had a mean score of 78 and other regulars Mike Blanchard and E.R. Thames shot an average 81. Robby Hays averaged 80. Charles Webb, who played occasionally, averaged 77 on four rounds.

In tournaments, Southern was outclassed in golf. At Florida State, USM was 20th of 23; at the Senior Bowl Tournament in Mobile, USM was ninth of 11; at Tulane, USM was sixth of eight; at Centenary, USM was eight of 10 and at the Mississippi Intercollegiate Tournament, USM finished third of four.

Intramurals

An intrical part of the athletic program at USM is the men's and women's intramural program.

Providing athletic facilities and referees for planned athletic competition for those interested USM students, practically all competitive sports are played by teams, divided into leagues and divisions such as dorms, fraternities and sororities, and independent teams.

Championship games in each sport are played among the topranking teams in each league to determine the overall winners.

The USM Student Government Association serves as a liaison between the administration and the students. Besides keeping these channels of communication open, the SGA this year headed in an already pointed direction: providing services to the students of USM. Refrigerator rental and a short-term loan program were offered to the students, both jackpots, as well as the 24-hour Ombudsman service and the ill-fated Chek-Check program. Whether or not the students deemed these services necessary, they were offered.

The SGA Executive Council saw to keeping these and other programs running as well as making themselves available to students. For the full-time chores, a full-time secretary was hired, as well as those elected officials responsible for taking care of the bookkeeping and accounting, the countless paper work and the preparing and conducting of SGA elections.

Peanut politics did not completely leave the scene. The Association of Women Students, the policymaker for women students, fought a constant battle throughout the year with the judicial branch of the SGA over who had the highest jurisdiction, in women's disciplinary matters while on the other hand, the Association of Men Students remained the same innocuous body as in the past several years.

All the same, a fruitful year with several major accomplishments of worth, hopefully leading to a greater understanding of USM and its changing attitudes.

Student Senate

The USM Student Senate met Monday nights of fall, winter and spring quarters at 6:30 in Banquet Room A of the University Commons. Senators, elected and appointed, trekked over to these weekly sessions for a night of "lawmaking."

This years' senators could hardly be stereotyped: liberals, conservatives, racists and radicals, Greeks and independents, genius and orator, Republican and Democrat. Some attended every Monday night—others didn't. Some senators found that getting the floor sent them on an ego trip while others not interested in such earnestly worked toward worthwhile accomplishments.

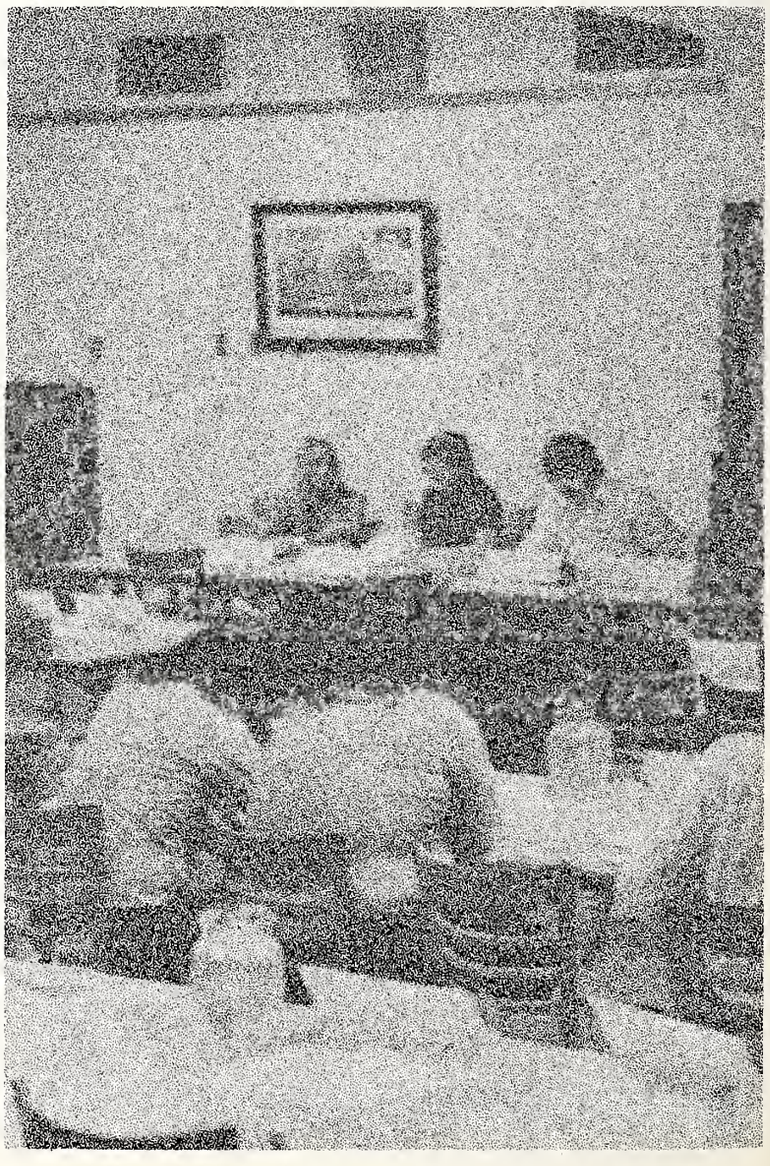

Despite being plagued by an ignorance and/or misconception of Robert's Rules of Order, several bills and resolutions were passed in this years' sesslon, as well as several guest speakers of interest being allowed behind the podium.

The accomplishments: deletion of electing class favorites and class officers, a new plan for beauty elections; establishment of the superiority of the Student Supreme Court in SGA legal matters and an increase in SGA officer salaries (later ruled out by Phase II); resolutions changing the name of The Hanger (formerly Wimpy's) to Exit 13, complimenting the Mississippi State Legislature on passing a bill making the possession of marijuana and LSD a misdemeanor. Speeches: by Dr. McCain (first time in several years), the president of Jackson State College and several "unofficial" Congressional candidates, as well as speeches (and discussions) by senators within the chamber on men's and women's dress codes (pros and cons on seeing halter tops on the girls, hairy legs on the men), and talk of streamlining of the SGA Constitution (which incidentally, led to the formation of a committee to work further on this.)

In the wane, a productive year for the Senate and one that definitely reflects the changing moods and increasing awareness of USM students.

Student Court

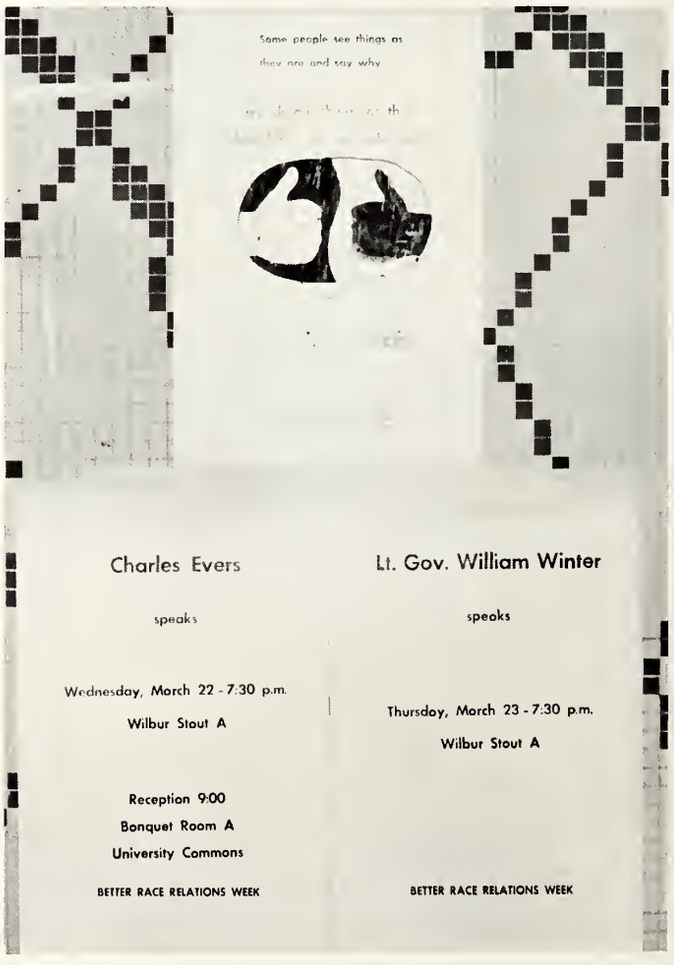

From left, seated: Billy Steele, Pam S. Smith, Wes Teel, chief justice; Barbara Baker, Bill Patterson. **Standing:** Carolyn Fanning, Dr. Leon Wilbur, adviser; Chip Edwards.

For the Student Court, a year of futile justice, as this law-giving body and every other disciplinary body with jurisdiction over students on the USM campus vied more for highest jurisdiction than being truly concerned with the students' welfare. Between the Court overruling AWS Disciplinary Board cases and then going on to try to overrule the University Disciplinary Committee, the end results point to a needed revision on the part of all three of these bodies with uniform standards to be followed by all, as well as a defined place for all three of these organizations.

President's Advisory Board

The President's Advisory Board was formed several years ago as an outlet for administration and student leaders to get together and talk over problems (common and otherwise) by the accredited method of grappling with them over lunch.

This year's Board was a fluctuating body with the SGA Executive officers and representatives of various campus media serving as regular members and other elected and appointed SGA officials coming as guests from time to time.

The UAC began the 1971-72 year newly restructured, as in the past several years. Working with a smaller body than in the past, this year's Council was made up of four representatives selected from each class and a slate of five governing officers.

These were the folk who master-minded the varied fare of campus entertainment this year—musical and non-musical, indoors and out, concerts and lectures. It was also this group that perhaps evoked the most response of all from the [approximate] entirety of the student body, in approval and/or dislike over the entertainment that came.

The Southern Quarterly, now in its tenth year of publication, is devoted entirely to the publication of faculty studies in the humanities and social sciences. Editors are Dr. William H. Hatcher and Dr. Glen T. Harper.

The Southern Journal of Educational Research yearly publishes four issues with emphasis placed on faculty studies within the different areas of the Education field. Dr. Richard Kazelskis is editor.

Published biannually, The Mississippi Review is the only exclusively literary publication originating from within the State. Sponsored by the Center for Writers of the USM Department of English, this publication, marking its first year, published poetry and short fiction as well as reviews of new poetry and fiction of literary seriousness. Editors are Dr. Gordon Weaver, Dr. Walter Everett and Dr. Peggy Prenshaw.

Performing Groups

They are seen as one body made up of many people. They are seen in blue blazers or formal black or in scarlet coats. Individually, they sing alto or tenor or play the violin or the French horn. Together they march to form moving geometric figures or swell together in *The Messiah* or *King David.* They sing or dance or both, they entertain, they enlighten.

Their practice schedule is every bit as grueling as any preparation for an athletic contest. Their timing must be precise for a certain note or a certain step or a certain line to be executed at the precise moment. One moment after another.

They are performers, and "they" make up the different performing groups, yet these are merely outlets where people show and can share a common interest in a certain area.

The Program

"Traditionally, Americans have cherished the concept of the citizen-soldier. Our Armed Forces and our country have grown and developed on the precept of civilian and military teamwork."

This statement is an echo of the position taken by the leaders of our nation since its beginning. George Washington, the foremost leader of an army comprised almost completely of volunteers during our struggle for freedom from British rule, warned that in order to survive, the nation must depend largely on an effective and strong militia. This has been our heritage and if we are to continue to survive as a free and great people we must preserve and nourish it. The United States has never relied on a large standing army to preserve our freedoms. It would be too expensive to maintain, and such a concept is not in keeping with our ingrained traditions. We have always relied on the non-professional, the citizen solidier, to augment the regular forces to the extent needed to defend the nation. This is as it should be.

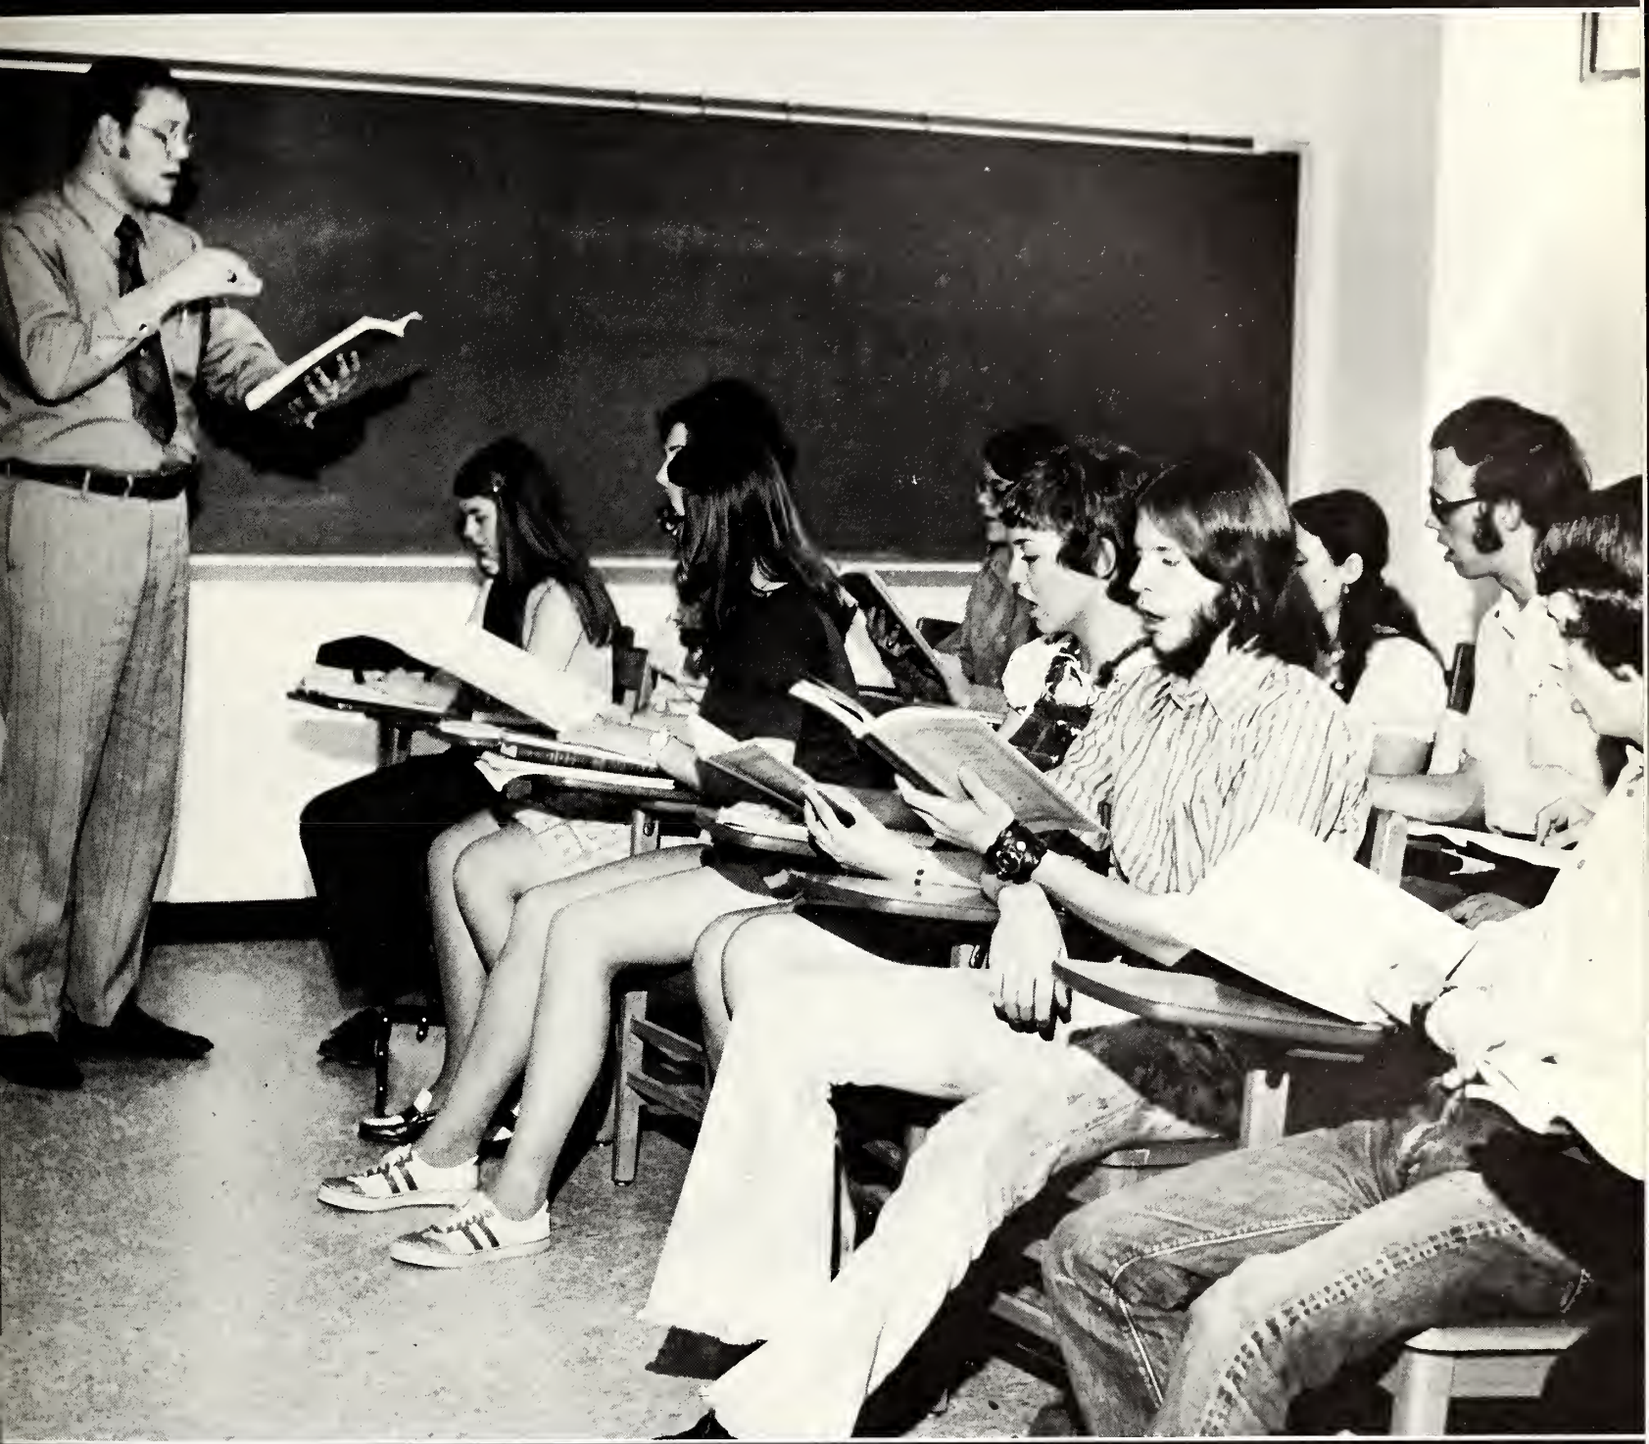

In these days, more so than at any time in our history, we must depend on a strong and efficient reserve force. All of the services are backed by reserve components that are adequately equipped and well trained. The young men who answer the call to service through induction into the armed forces are also citizen-soldiers in every sense of the term. They are not professionals, nor do they want to be; however, they answer the call when needed and are the backbone of the army in times when rapid expansion of our military capabilities is required.

ROTC continues to be the major source of newly commissioned officers for the active Army as well as the Reserve Forces, and approximately thirty percent of general officers on active duty were commissioned through the ROTC program.

The fact that the ROTC units on our university campuses are providing all of the services with the majority of their young officers insures that this country will continue to have civilian control of its military. This is as it should be for this nation could not survive as we have known it if such civilian control were ever lost. With the countless points of view of individuals having such diverse background as those officers commissioned through the ROTC, we will always have a viable and truly representative officer corps in the services. As long as this situation prevails we will continue to have the strongest military forces available in the world today, and freedom for all who cherish it will be assured.

Production Notes.

The 1972 SOUTHERNER covers events at the University of Southern Mississippi from the first of June, 1971 to the end of May 1972. The book was printed and bound by Benson Printing Company, Inc. in Nashville, Tennessee.

The book was printed on Warren's Dull Enamel, 40 lb., with the exception of the two-4 page division units which are printed on Chestnut Brown Tarotext, 70 lb. Endsheets are 65 lb. Antique Black.

Heads throughout the book are 36pt., 24pt., 18pt. and 12pt. Helvetica. Body type throughout the book is set in 11pt., 10pt., 8pt. and 7pt. Condensed Helvetica. Folios are in 8 pt. Helvetica.

Spot color on pages 120-127 is printed in Orange CF/1ro/40. Duo-tones on pages 130-135 are printed in Black and Orange CF/1ro/40.
